Juniors Select Class Flower, Colors

During a recent class meeting the junior class decided upon its class colors and class flower. Green and pink are the selected colors with the pink carnation serving as companion flower.

"Together we stand; divided we fall" is the class motto chosen earlier in the year.

In need of a way of transportation from Bailey to Mt. Pleasant to serve her glee club students, Miss Julia Lawrence bought a new Plymouth, January 5.

Staff Frames Certificates Bugle Acquires

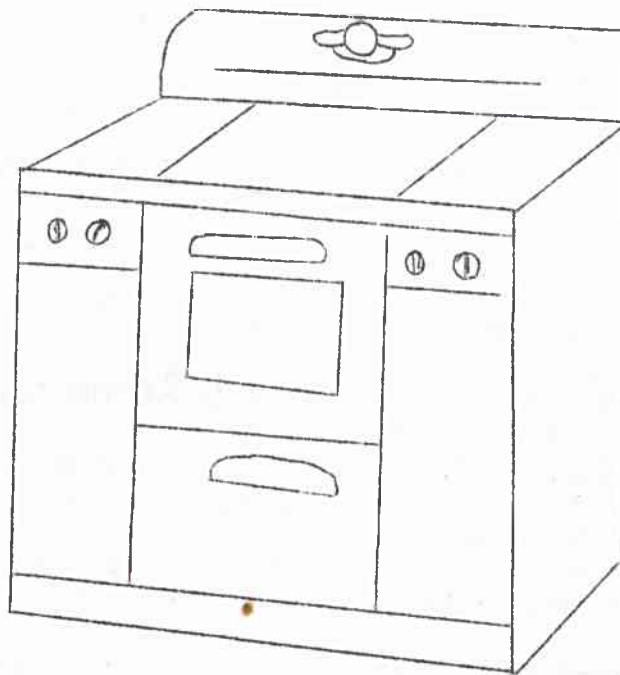

Awards received by the Bugle have been dug out of their hiding and given a place of honor along with other school trophies.

Over the trophy case in the front hall the gold sealed certificates for winning first place in the judging contests at the Columbia Scholastic Press Association are displayed in a hand-made frame.

The journalism class decided to frame these certificates and put them where students could see them.

Two copies of each issue of the Bugle since Easter 1951 have been sent to Columbia to be judged this year.
