MARCH, 1952

PRICES: MONTHLY-10¢  
YEARLY-75¢

### Bugle Receives Medalist Rating

Medalist Rating, the highest rating given to school newspapers by the Columbia Scholastic Press Association, was awarded to the BAILEY BUGLE last week.

The newspapers were grouped for competition according to the type of school, size of school, the publication, and type of publication.

Five ratings were given to the entries. They were Medalist, highest; first place, requiring 850-1000 points; second place, 750-949 points; third place, 650-749 points, and fourth place, below 649 points.

According to the local newspapers the BAILEY BUGLE was the only newspaper in the Carolinas coming from a school of 300 high school students or less that received the Medalist Rating. The national list has not been received.

### Chapel Programs Hit High Note In Variety

If variety is the spice of life, then the chapel programs presented this month should have added zest to the school.

Programs of science, patriotism, music, and comedy presented variety and interest.

The chemistry class demonstrated some experiments they have tested in chemistry; a patriotic program symbolizing February was given by the seniors; an all-musical program, by the glee club; and a Negro Minstrel, by the juniors.

### Pre-School Clinic To Be March 25

Annual pre-school clinic is scheduled here March 25 for the children who will be entering school next fall.

An examination will be given to see if the child is physically handicapped to the extent of retarding his progress in school. If the youngster does have any handicaps, the conditions will be discussed with the parents and thereby, be corrected by the time school starts.

Smallpox vaccination will be given. The state also requires each child shall have vaccination for diphtheria and whooping cough before entering school.

All parents are requested to bring their child who will enter school next year for the vaccinations and examination. If the parents are unable to come, the child should be sent along with his birth and vaccination certificates.

### Third Place 'Not Bad' Thinks Director

"AS this is the first time the glee club has entered the district contest of the NCMEA, I think a third rating is good", states Miss Julia Lawrence, director.

Comments of the three judges were: "Second soprano and alto section need improving tone quality; entrances are weak; and harmony is bad at times.

"Prayer, "Haensel and Gretel" was beautifully sung. The melodic line and steadiness of rhythm was graded good."

### Three Typists Qualify For C. T. Pins

Each month, Typing II students receive from Gregg Publishing Company a standardized Competent Typist Test. This test is sent to thousands of other students over the United States. To pass the test one must type 50 words per minute with not more than five errors for a period of ten minutes.

A C.T. gold-plated pin is awarded to each winner of the test.

This month three students qualified. They were JACKIE LAMM, 55-1; SARAH PEELE, 54-2; and MARY ANN MULLER, 53-5.
