

County Fund Contributes To Purchase Of Books

County-matched funds has enabled the high school library to add 74 books to its shelves as a result of the 50¢ library fee collected from each student last fall.

Leading in the types of books purchased are novels, essays, short stories, plays, biographies, and books of vocational guidance

Miss Idalia Oglesby, librarian, has accessioned, catalogued, lettered, and shellacked the books. Date due slips, cards, and pockets were made for each. The books are now ready to be issued to the students.

An average of 25 books are checked out of the library per day. These new

additions are expected to raise the average considerably.

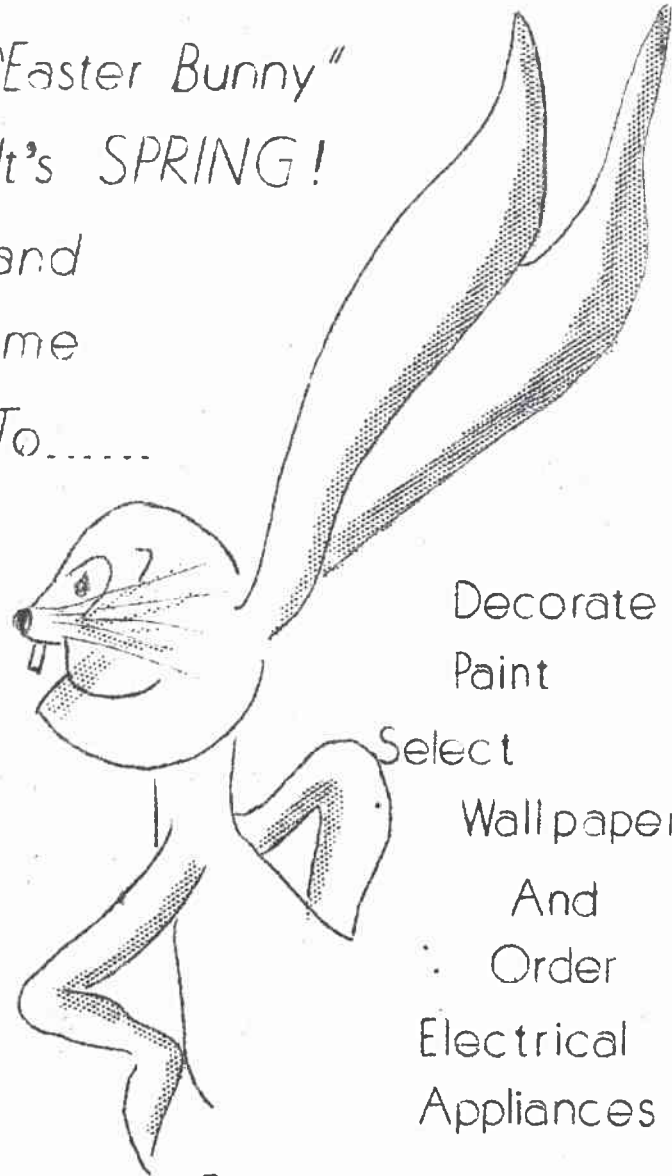

The seniors have decided upon green and gold as the colors for their diploma covers' linings.
