What Is A Boy?

The following was taken from the State F. F. A. Convention Handbook.

WHAT IS A BOY?

After a male baby has grown out of long clothes and triangles and has acquired pants, freckles, and so much dirt that relatives do not dare to kiss it between meals, it has become a boy.

A boy is nature's answer to the false belief that there is no such thing as perpetual motion.

A boy can run like a deer, swim like a fish, climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig, or act like a monkey, according to climatic conditions.

The world is so full of boys that it is impossible to touch off a firecracker, strike off a band, or play a ball game without collecting about a thousand of them.

CHARACTERISTICS

He is a piece of skin stretched over an appetite. A nose covered with mudges and eats only when awake.

He is called tornado, because he comes at the most unexpected times, hits the most unexpected places, and leaves everything a wreck behind him.

(See BOY page 19)

Boys To Undertake Keeping Record Set

Bailey' agriculture boys will have something to live up to in the coming swine, beef, and dairy cattle contests April 2, 9, and 16, as Bailey has won the honor for the past three years.

Bailey will send three boys for the swine and beef contest and three for the dairy judging.

The teams have not been selected yet, however, C. D. Mullen and Tommy Glover are expected to be on one of the teams as they participated in the events last year.

Boys Register For Camp

On the deadline, March 11, 14 boys had paid the registration fee of \$1 to enable them to attend Tom Brown camp during the summer. The camp is located in the heart of the great Smoky Mountains of North Carolina.

Each chapter engages in different activities of the week: softball, volleyball, shuffle board, horse-shoe, checkers, ping pong, and swimming.

There will also be stunt night when all chapters will give a short stunt.

"The trip is very educational and every boy that goes always wants to go again", comments "Bess", chapter advisor.
