Season Baseball Schedule

Four veteran players- Percy Murray, Gene Finch, F. D. Lamm, and Tommy Glover-are hoping that by their previous experience they will be able to keep Bailey near the top throughout the season. These boys have talents other than baseball.

PERCY MURRAY- As star of the "Darling Brats", senior play, Percy proved his worth in acting by his witty performance. He has been at the position of short stop and second base during his three-year varsity playing. He is, also, known for his basketball skill.

TOMMY GLOVER- With a favorite pastime of hunt-

ing and fishing, Tommy has filled the position of left and center field well in his three former years. He is an honor roll student and had a role in the senior play, "The Darling Brats".

GENE FINCH- An honor roll student, basketball star, choir member, and an expert cook are a few of the many talents that keep this senior well occupied. Gene and Tommy hold the outfield down and are an asset to the team.

F. D. LAMM- This brown haired, brown eyed senior holds third base very efficiently. F. D. is a glee club member and is usually seen swinging a baseball bat and humming a jolly carefree tune.

With only two dates open, April 15 and April 22, which will probably be filled, the baseball team is looking forward to a full season. The schedule is as follows:

April 11--Benvenue at Bailey.

April 15--Open

April 18--Bailey at Nashville.

April 22--Open

April 25--Bailey at Coopers.

April 29--Bailey at Benvenue.

May 2--Middlesex at Bailey.

May 6--Spring Hope at Bailey.

May 9--Bailey at Rock Ridge.

Sports Mirror

With nine players having had two and three-year varsity experience, the baseball team is looking forward to a successful season.

The opening game at Spring Hope brought an upset to the Bailey team with a loss of 4-2. Approximately every player saw action in the game.

One of the most outstanding plays was the triple play that Lamar Finch made.

The girls softball team, coached by Miss Frances Wilson, is open to every girl in high school who wishes to play. Miss Wilson points out, "There will be no games with neighboring schools, only intramural games. These girls will practice on Tuesdays and Thursdays at activity period."

New Period Aids Practice

By combining the five minutes deducted from the morning classes and the fifteen-minute-home-room period, the high school faculty made possible a thirty-minute schedule to enable the baseball team to have a practice period.

Coach L.E. Pittman states, "I like the new schedule very much, and it enables me to give the team more instruction than before the change was made."

This activity period is used not only for baseball practice, but likewise for glee club practice, chapel program practice, and other club meetings.

Lamar and Gene Finch are brothers and both hold a major position on the team.
