

Merchants Donate Funds For New Ball Suits

New, colorful, baseball suits will be worn by the team when the players start the new season.

The suits, according to COACH WETHINGTON, are gray with red trim; the sweat-shirts, white with red sleeves; the socks, red and white; and the caps, red with white letters.

Those making it possible for these new suits are the following Bailey merchants who donated \$15 each: W. P. FINCH, FARMER BROS., BAILEY SERVICE STATION, BAILEY FEED MILL, PARSONS MOTOR CO.,

COLLIE'S CAFE, EATMON'S POOL ROOM, BAILEY DRY CLEANERS, PRIVETTE and TAPP, and BAILEY THEATER.

COACH WETHINGTON, the ball team, and the school wishes to thank all who have donated to this drive for new suits.

To round up the basketball news for this year, we would like to mention the top honors bestowed upon FANNIE LOU MANNING and CARROLL JONES at the County Tournament. They were selected as players for the all-tournament team in the county.

With basketball over and spring just beginning, the boys of Bailey High have been dragging out their baseball equipment, making themselves ready for practice. Activity has been in full swing down in the gym on cold, rainy days and will continue until the weather is warm enough to begin field practice.

Trying again this year for the baseball team are some old players: LAMAR FINCH, JAMES PAUL STOTT, CORNELIUS BOYKIN, NEWTON GLOVER, JUNIOR BASS, and BILLY GLOVER.

Those trying out for the first time are Billy Liles, Billy Bunn, Henry Brantley, Rufus Beard, Rex Vick, Bobby Dew, Bobby Turnage, Rayford Perry, Danny Glover, Charles Rhodes, Ray Fulghum, and Lewis Bissette.

HAPPY-GO-LUCKY

Rex Vick "peps up" the atmosphere around BAILEY HIGH with his happy-go-lucky ways.

Schedule Shift Permits Ball Practice

Changes made in the high school schedule this month permit baseball practice the last 30 minutes of each day.

This extra period has been made possible by shifting the homeroom period to the end of the day and reducing, at some periods, the five minutes allotted to changing classes to two and one-half minutes.

No class period has been cut; neither has the day's program been extended.
