

Fashions And Fads _____ VIVIAN GLOVER

It has been a beautiful fall, and the students here in school have kept it aflame with colors galore.

SEASON'S COLORS

Winter and fall are closely associated with the colors of clothing this season. There is ice blue, ice pink, and white, the color of snow. We also wear pumpkin pie tan, seal green, and yellow, gold, red, brown - the colors of leaves. Let's mention gray to recall those "blue" days in December and January.

HOLIDAY DELIGHT

You may want to brighten the holidays with a new garment as a new dress or, for the boy, a new suit.

Boys will look nice in a blue suit of wool or other comfortable materials. The girls will welcome a dress in tissue faille, wool, or jersey. With these materials melon is a new color that will look beautiful. When shopping for clothing, ask to see new colors and shades to give your wardrobe a lift.

CARDIGANS

Many of the students are wearing long sleeved slip-on cardigans. They really are becoming to the average teen-ager. Some girls wear them with blouse "peeking" out the top.

TRENDS

Have you noticed SHIRLEY WILLIAMS'S very becoming hair style? It really reveals her best feature. BETTY LOU GLOVER wears a lovely tweed jumper-suit. BILLY FAYE PERRY wears baby blue so nicely. Have you seen her blue sweater? JIMMY HARRIS is in style as always, wearing his yellow pull-over sweater.
