

# Have You ? ----- By Christine Fowler

Heard--Anyone singing "I Want a Hippopotamus For Christmas?" What will we want next!

How the conduct points added up this month?

Students discussing Christmas gifts?

Exams are coming before Christmas? (Students you'd better put on your thinking caps now!)

That Patty Sue Thompson has been trying different hair styles to decide which will be more becoming for the banquet?

That the girls basket ball squad has new suits?

We have two new cheerleaders, Patty Sue Thompson and Betty Lou Stallings? (They really are good!)

Mr. Weaver has given permission for the Boys to play ACC freshmen in basketball?

Seen-Those lovely corduroy coats Betty Lou Stallings and Patty Sue Thompson are wearing?

The girls around school wearing their socks turned up to their knees on these cold days?

The new curtains for the windows of the auditorium?

Vivian Glover's new sweaters and blouses? (They certainly are colorful!)

Mr. Westall's new sport coat?

The pretty fall skirts and sweaters the girls around Bailey High are wearing?

Mrs. Lassiter's new hair do?

Any bells around school? The new rubber mats under the typewriters?

The new curtains at the auditorium windows? (They really are pretty.)

Noticed--All the pleated skirts being worn in school this year. (Surely are the latest.)

The attractive nylon blouses ANN MEDLIN wears?

The new style in anklets? PAULA ANN HORNER, JUDY LAMM, AND SHELBY JEAN EATMON seem to be the main students carrying out the idea.

All the colorful clothes in school this year?

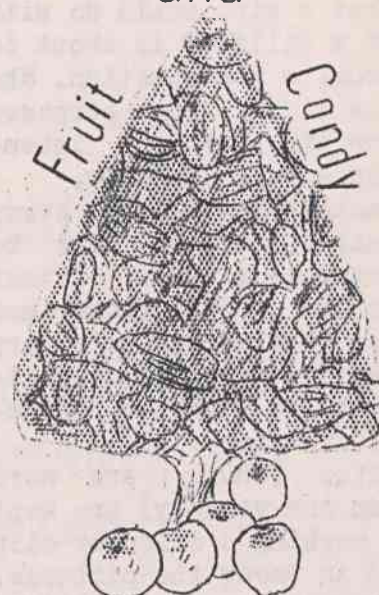

How Mrs. Lassiter has arranged the typewriters in the typing room?

The new public telephone in Bailey?

That white sweater and purple pants Carrol Bottoms is sporting?

The pleasant smile and cheerful good morning Mr. Byrd and Mr. Dean have for everyone?
