

Eighteen Students Try For Bus License

"Largest group of students ever to take the bus driver's test" completed their check up last week, says Principal Weaver.

Those students passing the test are in line for driving a bus or being a substitute next year.

The names of all these students are listed below:

Billy Liles, Rex Vick, Jimmy Bennett, Thomas McKeel, Joe Earp, Chalmas Boykin, Hilton Lamm, Wesley Medlin, Bobby Turnage, Hoyt Brown, Richard Dement, Bobby Liles, Mack Eatmon, Marion Warren, Joan Brannon, Rebecca Jo Lamm, Nelda Mae High, and Nancy Medlin.

Beginners Class Is Smallest In Years

Number of pre-school children reporting for clinic gave evidence that the first grade next year would have the smallest group in years.

Only 29 children reported. There were four that did not come.

Doctor Chamblee, Mrs. Dozier, and Mrs. Strickland checked the children's teeth and tonsils and vaccinated them for diptheria and small pox, if they had not had the vaccination before.

Parents were also given advice for making any physical correction that might be necessary for their child.
