

Pitcher Gains Two Victories

In the three ball games of this season Bailey has come out twice with victories. The credit goes chiefly to Billy Glover, the pitcher, says Westall. A total of 78 times at bat, 20 hits, 15 runs, and 13 errors were all gained in these three games.

Those boys showing "outstanding" batting records so far are Billy Liles, Mack Burgess, and Newton.

Glover. The other boys have done "well" also but not so much so as have the ones mentioned above.

"Take Me Out To The Ball Game" and I'll be perfectly happy seems to be the attitude of students now in trying to battle with this so-called "Spring Fever" that's going around school.

I must confess that as soon as anyone mentions baseball to me all my cares and worries are forgotten long enough to absorb the great sport for a full hour or two.

WINS--LOSSES

Bailey started the opening of this great season by defeating Rock Ridge 9 to 1, only to fall into the path of Coopers and get trodden on for a 13-2 loss. As Mr. Weaver has said, "Games of this nature certainly show lack of thinking ability on the players' part," and I agree whole heartily.

The game played against Spring Hope was nothing to rave about, even though it was a victory for Bailey with a 4-3 score.

Before Bailey can hope to win the County Championship in the play-off series, harder playing and more concentration will have to be put forth.

Players Attend College Ball Game

Billy Liles, Rex Vick, Ray Fulghum, and Thomas McKeel went with Coach Westall to Chapel Hill, Saturday to see the baseball game between Carolina and Wake Forest.

The group was mentioned over the address system as being guests from Bailey, Woody Westall, former University student, and members of his ball team.

While they were there it seemed an ideal time to tour the campus, the coach thought. They saw the indoor and outdoor swimming pools, the football stadium, and the track.

A couple of the boys commented on a queer game they watched for a while called lacrosse. After seeing this game they declared it almost impossible to explain.

From comments made the boys enjoyed their visit.

Coach Westall plans to make other trips with those boys wishing to see a game, "That is if things can be worked out," he says.
