

Teachers, Class Share School Supplies

All teachers have placed their orders for instructional supplies for the first semester and are now using them in their class work.

This year each teacher was entitled to 1/4 of the state allotment for school supplies.

A teacher may get supplies as often as she needs them from the school funds, but only twice a year from the state-allotted funds.

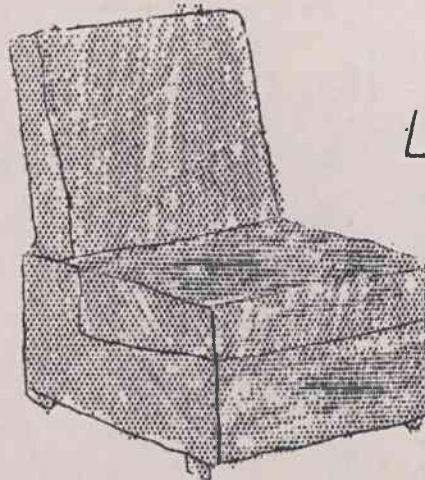

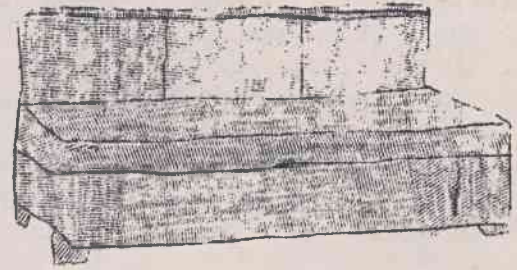

ALLOTTED FUNDS

As there are nineteen state-allotted teachers at Bailey, this school is allotted \$266 per year for supplies. The school adds to this sum from the school supply fee of 50 cents per student.

Supplies available to teachers for class work from this fund include: paper, paper clips, paper punches, paste, special pencils, ink, tape, index board, lettering pens, art colors, art brushes, black board crayons, protractors, clock faces, thumb tacks, construction paper, and other instructional aids.

The supplies are used by teachers and students for class work.
