

Fads In Fashions ----- Lane Farmer

If you haven't bought your fall and winter wardrobe yet, here are some good suggestions to follow:

1. Look around and spot the most appropriate clothing before buying.
2. Don't use "Love at first sight" as your motto in buying. If you do, you may be disappointed later.
3. Buy clothes that you think will be fashionable next year as well as this.
4. Buy clothes that are made of materials that will hold their shape.

The fad this year in materials is tweed with corresponding colors of wool.

In selecting your winter coat, the full length coat is still your best bet.

The leather jacket is the most popular jacket for high school girls. As well as being attractive, leather is also very warm and long lasting.

Girls still haven't turned away from the full crinoline slips. They will be worn this fall and winter with full skirts, jumpers, and dresses.

The fall and winter hair styles will be a few inches longer with a natural fluff.

The neatest boy and girl of the month are Judy Lamm and Jeff Denton.

CHUCKLE

This chuckle was found on Miss Rachel Bissette's bulletin board:

FATHER: "Well, Willie, what did you learn today?"

WILLIE (proudly): "Learned to say, 'Yes, sir' and 'No, sir'."

FATHER: "You did?"

WILLIE: "Yeah."
