

P.T.A. To Work For Added Playground, Beautification This Year

As its project for the year the PTA will be working toward increasing the size of the school ground and beautifying the front grounds, provided a clear title to needed land can be acquired. If the cleared titles are obtained, the money from the Halloween Carnival will be used as a means of carrying out the project of the Association.

Mrs. T. J. Easterling, past president of the NCPTA for the last three years, was the speaker this month at the first PTA meeting of the year. In her talk she reviewed the work of the local, state, and national PTA and made recommendations for improving local organizations.

MOTIONS

At this meeting two motions were presented by Principal Weaver and voted upon affirmatively by the Association. They were, first, to give support to the action that is necessary to clear the title to the land needed for the enlargement of the school ground, and, second, to request that there be no smoking in the gymnasium at basketball games. He asked for passage of this last motion as a measure of safety for the players.

and property.

Winner of the PTA parent contest in the grammar grades was Mrs. Rudolph Glover's second grade and in high school, Mrs. Laurine Lassiter's tenth grade.

The committees for the year are as follows:
