

Two Flags In Memory Of BHS Service Boys

"What do the flags in the library represent?" is a question asked occasionally by those students who were not in school at the time of their presentation.

They are flags presented to the school by the classes of '43 and '45 in memory of the boys of Bailey High School who served in World War II.

Mrs. L. T. Lassiter was sponsor of both classes, and they gave the flags as a memento to the school.

STARS

The flag of '43 has 139 stars; the one of '45 has 154. Each star represents a boy in service.

Both flags are rectangular in size with blue stars on a white field bordered in red.

The colors, symbolic of the American flag, have the red for valor, zeal and fervency; the white for hope, purity, cleanliness of life, and rectitude of conduct; the blue, the color of heaven, for reverence to God, for loyalty, sincerity, justice, and truth.

4 TEACHERS HAVE MASTERS

In the high school four of the teachers have their Master Degrees. A fifth is working on his.

PROGRAMS

(Continued from page 1)

FHA program, directed by Miss Frances Wilson, included, in the opinion of many, a "very inspiring" devotional. Mrs. Laurine Lassiter's sophomores' presentation of the haunted house was, according to most of the students, "one of the best" programs of the fall. The seniors' mystery radio program was considered "different."

In song variety and number of participants, the juniors have led the other classes.

PATRIOTIC PROGRAMS

Mrs. A. H. Farmer's freshmen gave a patriotic program based on America's patriotic songs and their history.

There remain only two more chapel programs before Christmas. These will be by W. H. Westall's room on December first, and Mrs. R. G. L. Edwards' eighth grade on December 15.

Occasionally a special program is scheduled by the principal.

It is being noticed by all that the loud speaker, draw drapes, and spot light are enabling the students to present more effective programs.

FILMS DIRECT PUPILS

Two films, "Duck and Cover" and "Survival Under Atomic Attack," were shown to the school students and faculty last week as a part of the Civil Defense Program.

These films let one know what he can do if an atomic attack should come.

"Duck and Cover" was presented in a manner to impress the younger pupils; the other, older students.
