

6 Seniors To Attend College This Fall

Only 16 percent of the 38 seniors are at present planning to enter college next fall.

Compared with the past years, this number is the highest since 1953.

Katherine Whitley, Nancy Medlin, and Jane Burgess intend to enter East Carolina College in Greenville, while Elsie Eatmon and Sylvia Vick go to Atlantic Christian College in Wilson. Rex Vick is thinking in terms of Louisburg College or N.C. State.

30 Children Report For Preschool Clinic

Thirty out of the thirty-eight registered children reported for the annual preschool clinic at Bailey High School, March 29.

"However", Principal M. W. Weaver states, "three are always more children entering the first grade than report for the vaccination."

Next year's beginners were given either, or both, a diphtheria and a smallpox vaccination.

EXAMINATION

As a part of the clinic, each child's lungs, heart, throat, nose, and ears were checked by Dr. J. S. Chamblee, who was in charge of the clinic.

Those reporting for the clinic registered in Mrs. Hagwood's class room. The clinic was conducted in the elementary library.

SILENT PRAYER By Bobbie Lou Batts

"Bow your heads in silent prayer,"
I hear the preacher say.
And the people pray.

All is quiet
In the house
Of God.

"Amen."
And then
The silent prayer
Ends.

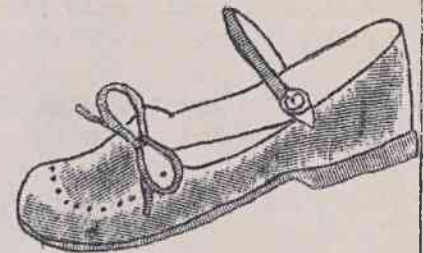

THE WAY TO A
WOMAN'S HEART
IS BY A GIFT OF
FLOWERS.
