

GRADES

(Continued from pg. 11)

of Mrs. Ruby B. Boykin's class. Weekly meetings are conducted on Friday.

Plans for a weiner roast were made possible by the monthly dues given by the members of the Good Sportsmanship Club, organized by Miss Rachel Bissette's seventh graders.

A student council was formed in Mrs. Evans's eighth grade this year. The students also enjoyed several class parties.

POETRY WRITING

Some grades have found a way to express their feelings about spring through poetry. Mrs. May's students are studying such poems as "The Wind" and "April Showers".

In addition to learning poetry, the eighth graders made speeches on the poets studied.

May seems to be the month for the sixth graders of Mrs. Boykin's and Mrs. Underwood's class to go on the annual sightseeing tour of Raleigh.

The grade teachers join their students in thanking the grademothers for the surprise and delightful servings they have given them throughout the year.
