

No Bugle Creates Want For Republication

"We desire to have the BUGLE again," voiced the majority of the class when asked why they took journalism.

One of the ex-journalism students of two years ago, PEGGY BRASWELL, editor, expresses her reason in this manner: "After having the thrill of seeing our paper win the highest medal possible at Columbia, I decided that I wanted to renew this thrill once more before graduating."

Seventeen students are working on the BAILEY BUGLE. In the past, the usual number has ranged from eight to ten.

The students will publish the BUGLE monthly under the guidance of Mrs. Howard Farmer and Mrs. Laurine T. Lassiter.

Enrollment Demands Two Junior Homerooms

Juniors, for the first time in the history of Bailey High School, have a large enough enrollment to require two homeroom sponsors.

With an enrollment of 53 at the beginning of school, the junior class was divided into two sections. Although this number is the largest of any junior class, the membership has dwindled from the all-time high of 74 enrolled as freshmen.

The sponsors for the juniors are Mrs. Howard Farmer with 27 enrolled and W. G. Edwards with 26.

This enrollment is only 6 above last year's juniors.

Freshmen Receive Yearly Aptitude Test

That students may be guided into subjects corresponding with their natural abilities are the grounds for C. H. Fries' giving aptitude tests each year at Bailey to the ninth graders.

The students take the test in order to see which subjects they are best suited for as far as their capabilities indicate.
