F. Teachers To Assist With Library Work

Five Bailey faculty members are among the officers in NCEA and CTA of the North Eastern District and Nash County.

These teachers are Miss Idalia Oglesby, vice president of the Nash County NCEA; Miss Edith Farmer, vice president of the Nash County CTA; Mrs. J. P. Underwood, building representative of the Nash County NCEA; W. H. Westall, president of the Health and Physical Education Department of the District NCEA; W. G. Edwards, chairman of the Fair Exhibit Committee of Nash County.

PHYSICAL ED. PROGRAM

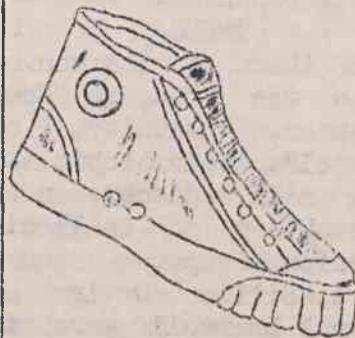

To give other teachers ideas on physical education, Westall, with the aid of a member of the Department of Physical Education in Raleigh, will use several fourth and fifth grade students in a 15-30 minute stunt presentation at the second meeting in the afternoon.

Improving the arrangement and convenience of the high school library is one of the major projects of the Bailey Future Teachers.

Mending books, training student library assistants, keeping magazines, newspapers, and books in proper order are some of the tasks assumed.

To insure quiet and order at all times, the Future Teachers remind their fellow classmates that no student is allowed to go into the workroom without the permission of a teacher or assistant librarian. To this they add their request that there be no eating in the library during lunch or any other time.
