

Grades Stress Ed. Wk., Thanksgiving Purpose

Elementary grades are emphasizing American Education Week and Thanksgiving.

Mrs. Harvey Evans' eighth graders have sent flowers to two of their classmates, Melvaline Dement and Alton Manning. In this grade, studying hair styles and proper clothes for different occasions is being taught, but the main interest is badminton.

ACTIVITIES

Making booklets, book-marks, calendars, puzzles, and charts is taking up much of the time in the seventh grade, sponsored by Miss Rachel Bissette.

Mrs. J. P. Underwood's sixth graders are learning two patriotic songs, AMERICA and THE STAR SPANGLED BANNER, and they are making posters and book reports. All this is to emphasize American Education Week.

PTA WINNER

Winning again for the third time, Mrs. T. C. May and her fifth graders walked away with the PTA attendance banner. With the money they have won, they bought a United States plastic puzzle.

In addition to making globes, Mrs. Olivia P. Barnes' third and fourth grade combination are learning to write letters and give oral reports. Their social studies book, "Living Around The World", has been a main interest.

Reading groups are moving up in Miss Cleo Eatmon's third grade. Interest is being increased by talking and listening to each

other. One reading group is working on an Indian Art Frieze.

Mrs. Altermise Glover's second grade pupils are adding interest to their unit study on boats by bringing their own boats to school and experimenting to determine the difference in floating and sinking objects. The pupils learned that all over the world, wherever there is water, people use boats. Working with the calendar has produced many pleasant hours for Mrs. Horace Meacom's first and second graders. They have found birthdays of their classmates and discovered the days these birthdays occur.

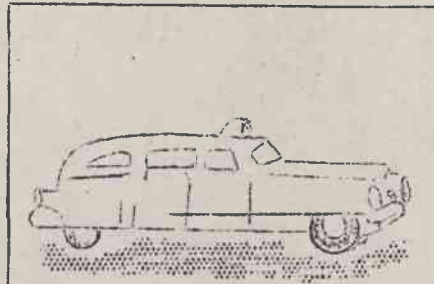

Bailey Surpasses Red Cross Quota

Faculty members and town people of the Bailey district have exceeded their quota of \$350 to the American Senior Red Cross, reports Mrs. D. M. Farmer, chairman.

Mrs. Farmer also stated that the Bailey district was one of the five districts in the county to exceed its quota.

According to school chairman, Miss Edith Farmer, the faculty contributed \$37.35.

The town people donated \$319.90, making a total of \$357.25, or \$7.25 more than the quota set for Bailey.
