

Janitor Masters Problem By 'A Little Studying'

As a result of Johnny Kent's quitting the job of school janitor, the principal faced the problem of acquiring someone to take his place. From the seven applicants for the job, Rance Freeman, age 53, was number one man.

Most people believe Freeman received the job because he has the reputation of being steady and dependable and lives near the school.

Since this is Rance's first job as a janitor, one would not have been surprised to learn that he was confronted with many difficulties; but he admits having had only one-wondering if he would "ever keep the keys to all the different doors separated". He hastened to explain that he readily overcame this fear by intently studying a key every time he unlocked a door until he had that key fixed in his mind. He has two small keys that he hasn't found a use for.

ATTITUDE

When asked how he liked the pay and hours, he answered, "The pay is pretty good and the hours are O. K."

He begins work about 6:00 A. M. and finishes about 5:00 P. M.

Rance says he has found "no fault with the work", that he has "caught on pretty good", and the students "act nice".

He shares the duties of keeping the school clean with the maid, Edith Mae Reid. Numa Finch

Senior Wins Honor

Mary Ella Glover has been named Betty Crocker Home-maker of Tomorrow after receiving the highest score on a written examination on homemaking knowledge and attitudes, administered December 4 to senior girls at Bailey.

For her achievement, Mary Ella received an award pin designed by Trifari of New York. Her examination paper will be entered in competition with other high school winners in the State to name North Carolina's candidate for the title of All-American Home-maker of tomorrow and will be considered for the runner-up award in the State.

4-H CLUB TO NAME TALENT PERFORMER

"Who will represent Bailey at the Nash County talent contest?" was the question asked by 4-H Members at this month's meeting.

Each year the county's thirty-four clubs individually sponsor a talent act in Nashville. Each club has a chance of its representative winning the county, state, and national 4-H contest.

A committee was named to work with teacher-sponsor W. G. Edwards in "discovering" Bailey's representative.

For their project study, the girls were assigned "Planning the Use of Your Money"; the boys, "Whats In Your Fertilizer Bag."
