

## Chart Shows Expenses Of Class Trip

After making all reservations and receiving theatrical tickets, the advisers gave to each journalism student going to the Press Convention in New York an itemized statement of all expense money needed for the trip.

Past experience has proved that the expenses range within the estimated budget and that the account includes every penny needed on the trip unless unforeseen expenses arise.

The amount of each item per student is here listed:

CPSA Registration---	\$ 8.00
Ebbitt Hotel(1 night)	3.25
(Tips and tax included)	
Hotel Times Square--	15.35
(Tips and tax included)	
Car Storage-Washington and New York-----	2.15
Transportation-----	8.85
Entertainment

## COUNTY MAKES UP DAY

Students in Nash County attended school this month on Saturday, March 2, to make up the day lost in January because of icy roads.

The principals in the county met and decided to have school on Saturday instead of extending the school year one day.

Principal Weaver reports, "Saturday school is just a way to mark time. We have to go over the same thing taught on Saturday again on Monday. After lunch over half of the students were absent."

## Preschoolers Number 37

Preschool clinic for the school year 1957-58 was prepared for 37 prospective beginners, showing an increase of five over the clinic for 1956-57.

Thirty out of the 37 expected reported for the vaccination.

M. W. weaver stated, "We would like for all to come. Seven failed to show up

## BHS Rates 'Good' In X-Ray Count

"That Bailey had only one person to take the chest X-ray twice is a remarkable record," said M. W. weaver, principal.

Each student receiving satisfactory results was sent a card to report the news. The cards advised the students and adults to make an effort to have a chest X-ray at least once a year.

The report requested that the card be kept so that if a doctor needed to refer to the student's chest X-ray he would have the film number.

for the clinic.
