

HAVE YOU?

Celia May

NOTICED the large number of practice teachers at Bailey High this year? The progress being made on our new building?

The attractive bulletin board displays in the library?

All the new spring cottons the girls are wearing?

How hard everybody is working to catch up on their book reports?

DONE your best to help keep our high school library in good order?

HEARD that Mrs. Lassiter hopes to add a new class on office practice next year?

The French students laughing at Linda Manning's acute and obtuse accents? Linda has trouble remem-

bering whether she is in geometry or French.

LOOKED at the trophy case lately? (It's nearly full).

DECIDED what you're going to do this summer?

RESPONDED to the sound of Mr. Batchelor's "ring tapping"?

TOLD the seniors you'll miss them next year? (Well, you will, won't you?)

WONDERED who will get the awards at commencement?
