

1927—Goldsboro Hi News—1937

The Hi News is this year celebrating its tenth consecutive year of publication.

Beginning its career as the *Goldsboro High School News* in 1927 with Richard Parker and Bertha Eustler as co-editors, the paper was published twice monthly until after the Christmas holidays when it changed into a monthly paper. Miss Beasley was adviser to the staff.

In the second year Merrette Moore served as editor, Miss Beasley continuing in the advisership. This year the first journalism class was begun with fifteen members.

Miss Perdue was the adviser the third year with Dan Powell editor. Under their guidance twelve home-rooms went a hundred per cent in selling subscriptions.

Adviser Changes

The fourth year of the paper, Miss Gordner took over the advisership and has continued to serve. This year the first Junior Issue was published and the later issues were printed by Edwards & Broughton Co., Raleigh, N. C., who have done the printing since then. Elizabeth Cobb, as editor, helped get 500 subscriptions at thirty cents each.

In the fifth year, with Dorothy Hooks as editor, the new *GOLDSBORO HI NEWS* was granted the Quill and Scroll charter when 5 seniors and 4 juniors were admitted. The paper also joined the NSPA and was given the rating of "Good." The first eight page paper in the history of this paper was published, featuring the opening of the school auditorium.

Paper Rated Excellent

Under the leadership of Edgar Pearson the sixth year, the NSPA rating was raised to "Excellent." Three members of the staff won national journalistic awards in a nation-wide contest. At this time the one and only "Crazy Issue" was published.

In the seventh year, Celeste Adams as editor, led the staff to sponsor the first "Most Representative" contest. The NSPA this year gave the rating of "Good." The first 12 page paper was published, as well as an Activities Issue surveying the activities of the year. From the staff 4 juniors were admitted into the Quill and Scroll.

Large Issues

During the eighth year the paper was headed by Norwood Middleton, who has recently been elected editor of his college paper. Under Norwood the rating of the NSPA was

again raised to "Excellent" and the Quill and Scroll awarded a First Place Honor rating. The largest issues were the 12 page Senior Issue and the 8 page Supplement Issue, the latter a real feat in high school journalism. The sophomore journalists published the first sophomore paper, the SOS, "Super Order of Sophs."

In the ninth year Powell Bland was editor; three 8 page papers and the 14 page senior paper were published. The three 8 page papers were the Christmas, the Junior, and the School Fair Issues. Again the NSPA gave the rating of "Excellent" and the Quill and Scroll First Place Honor Rating. John Gay Britt tied for first place in the SIPA contest. The Sophomore journalists put out the second Sophomore paper, this time the "Hi News, Jr."

Edited After School

The tenth year is headed by Ozello Woodward, editor. This year there is no regular period in which to edit the paper; so it has been done in the limited time of activity periods and after school. For the third consecutive year the NSPA gave the rating of "Excellent." Outstanding features of the paper have been the personality column for the various school board members and the department pages. This year the subscriptions passed all previous marks, a total of 562.

Tune: "Moonlight and Shadows"

Seniors, dear Seniors,
We bid you adieu,
As we say goodbye
We could almost cry
For you.
You have been helpmates
For us every year,
You have been our guide
Standing by our side
So near.
This is the end,
We'll miss you, we know,
But we'll be your friend
Where e'er we go.
Seniors, dear Seniors,
The time now draws nigh,
But we'll meet again
Every single friend
Goodbye.

Primitive Life

I once was a member of a primitive tribe,
That is the life I will try to describe.
We did not have very much indeed,
And we were always in great need.
Our home was not furnished very much.
The people of today would not think of such.
Our chairs were hard without any backs,
And what clothes we had were made of sacks.

The men worked hard all day long,
While in their heart were happy songs.

The women worked also and did their part,
Every one in the tribe was very smart.

The savages often robbed our home,
And killed many men who chanced to roam.

They often took everything we had,
Leaving us discouraged and very sad.

We never had time for any play,
Like many children have today.

All of us had to work from morn 'till night,
Keeping everything in the tribe just right.

Our food was very hard to eat,
For all we had was corn and dried meat.

Sometimes we never had anything at all,
Because of the savages so bold and tall.

I'm glad I was a member of the tribe just the same,
Even though I haven't won any fame.

At least I can tell what hard times we had,
And the people of today should never be sad.

Louise McDowell, '40.

Anne Holmes—"Pete."
Marvin Daughtry—"Sleepy."
Homer Ball—"Sully."
Garland Rich—"Baby Ray."
Evelyn O'Brien—"Dynamite."

Looking Ahead

Just a few more weeks as Juniors!
Unto the end we'll fight.
Nearing our goal together.
I inspired to work with might!
Our last year we welcome proudly
(Perhaps it means our Fate)
Remember dear old classmates,
we'll be
Seniors of thirty-eight!

SIX TYPING STUDENTS ENTER STATE CONTEST

The typing class entered the State Typing contest again this year. GHS was among the cup winners last year.

The following students from the first year class had their papers entered: Rachel Daughtry, 55 words per minute; Ozello Woodward, 54 per minute; and Sadie Adams, 47 per minute.

Entered from the second year class were Hattie Smith, 61 words per minute; Ruth Dillworth, 58 words; and Ruby Ball, 51 words.

They tell us that the Junior President, William Thompson, is going to have to get a bus driver's license in order to drive his 1929 Packard, better known as "Noah's Ark."
