

Here's to February, Cupid's month! Only eight more days 'till Valentine! But, alas, alas, Cupid reported to me about the breaking up (sniff, sniff) of three freshmen couples, (sniff) two sophomore couples, (sniff) one junior couple, (sniff) and FOUR senior couples! (Ya' know, seniors always lead!) Rumor has it that some lucky little blonde has actually broken all rules, so far as our handsome woman-hater, Bob K., is concerned—He walked into physics the other day with lipstick on his cheek!!! Still on the subject "blondes" and what people are saying—who's the little blonde that goes around reciting this:

My love has flew  
Him did me dirt.  
Me never knew  
Him was a flirt.  
To those who love  
Let I forbid  
Lest you be doo-ed  
Like I been did.

Conway Rose  
Sat on a tack.  
Conway rose.

If you would like to choke someone when you read this, Conway, choke the *Hi News* box.

Wanted—By any girl. The heart of that good looking Junior boy—Dillon E.

Wanted—By ALL GHS girls. A date for the Junior Play, March 27.

For Sale—Used heart. Anyone interested please see Helen Denning.

Lost—Margaret H.'s heart. Will the finder please return to Ellis B.

Noticed—Tootsie Powell's smile for the new boy from Wilmington, Bud B. Also Pearl Privette's.

Rumor has it that two junior girls aren't on speaking terms now, because a senior boy can't make up his mind. Here's to both of you—He's a swell fellow, don't you think so?

Soph—"place to hunt"  
Junior—"wait'll I'm a sr"  
Senior—"swish"

Love—  
Frosh—"I'm too young"  
Soph—"dictionary definition, deep devotion"  
Junior—"it's wonderful"  
Senior—"I give up"

"Miss You"—  
Frosh—"Its beyond me"  
Soph—"pretty tune"  
Junior—"too slow"  
Senior—"words fit"

Jet'aime—  
Frosh—"ain't English"  
Soph—"ain't Latin"  
Junior—"ain't Spanish"  
Senior—"I love you"

Have you heard about the boys' definition for a girl's hands—you know, the paws that refreshes!

It seems that two of our senior boys have set a couple of sophomore hearts on fire! You oughta' be ashamed, Joe and Cubby!

Bill Sutton hasn't really gone, or at least some of our girls say that he'll always remain in their hearts—frinstance Mildred, Lyda, and Susan. Wonder how many more???

To whom it may concern: any similarity to any studes in GHS, here or there, is purely intentional, and absolutely on the level—  
Coopid, Jr.

**Students Give \$101.64 For Dimes Campaign**

A complete total of \$101.64 was turned in for the annual March of Dimes campaign, conducted the week of January 19-28, with the freshmen presenting a total of \$43.25, the largest amount given from the four classes. The Juniors were runners-up with a total of \$24.40, followed by the Sophomores with \$20.35, and the Seniors with \$13.64.

Ralph Bland, a sophomore, was appointed student chairman, with a committee composed of the four class treasurers, who are: Charles Britt, Freshman Class; A. W. Griffin, Sophomore Class; "Skinney" Ellis, Junior Class; and Billy Charlton, Senior Class. Miss Ruby Barrett acted as adviser.

**Mr. W. A. Dees Speaks In Special Assembly**  
(Continued from Page 1)

certainly don't want to have anything to do with him. You will not make a success of anything unless you are always on the job.

"Don't be a damper on your entire class. Don't hold them back by your absence. Don't let them count you out before you get out in life's race. Come to school of your own motion and come every day," urged Mr. Dees. "Nobody is responsible but yourselves."

The new regulation, which was announced by Mr. Gaddy, is that all absences which are excused for any reason other than sickness or death in the family or of friends will be made up by the student after school, hour for hour. The absences that are unexcused are to be considered deliberate cuts and will not be allowed to be made up and will carry a 5 point penalty on the quarterly grade. The same applies to excused absences that are not made up. This regulation went into effect January 29.

**Seeing Things**

Have you ever noticed those come-hither glances Susan has every time Mac walks by, or the merry twinkle that pops in Betty W.'s pretty blue eyes when that cute senior boy Johnny Bridgers is around.

Then there're Ruth and Bill Minton. They both have pretty blue eyes—must run in the family.

In case you never have, take a look at Lois Smith's sad but beautiful "Daisy Mae" eyes; or if you prefer fireworks, just let Ann T. flash a few your way.

If you care for the dreamy type, just mention Margaret while Ellis is around, or Harriet when Pat M. is near. (Don't forget to look at Elizabeth S.'s eyes when you mention a certain C. N.)

How about the mischievous twinkle in Coach Jeffrey's eyes, and one of our GHS males was overheard saying: quote—"Gosh, ain't Miss Anderson got purty eyes?"—unquote!

Have you ever noticed how those eyes of John H.'s, and even Mr. Gaddy's are always cutting up? You know,—winking. The thing of it is, that the girls really seem to enjoy it.

One that never fails is that familiar stupid expression; just take a peep in any room when the teacher asks a question.

**SA Committees Find Much To Do**

Working steadily, SA committees have made definite progress. For instance:

The Bulletin Board Committee with Catherine Page, chairman, has been allotted ten dollars to purchase a bulletin board for the downstairs hall. The committee has asked classes that are studying interesting and timely subjects to volunteer to fix the bulletin boards.

The Lost-and-Found Committee with Jane Parks, chairman, has installed a filing system which enables them to help students find lost articles quickly.

The Movie Committee with Barbara Edwards, chairman, is trying to get two more movies for GHS students; one for February and one for April.

The Flag Committee with Grace Ennis, chairman, has ordered an American flag and has sent the school flag to be mounted. The flags will be displayed in the library except during assemblies, when they will be on the stage.
