Year's Objectives Set Up by WAB

The objectives of the War Activities Board were approved by SA Council on October 31 as presented by Betty Lou Cox, chairman.

The objectives are: (1) reorganization, (2) promote educational values in all activities of the organization, (3) promote importance of the organization by increasing its activities, (4) get school to co-operate with local, state, and national war activities, (5) get school to co-operate in SA, local, county and national drives for public welfare.

The purpose of these objectives is to make GHS a more outstanding agency for promoting good citizenship.

The Sophomore Class will be in charge of the sale of the war bonds and stamps for the year 44-45.

UP AND DOWN THE HALLS

Records have been bought by the Recreation Committee and are being played in Room 6 daily during lunch periods.

Twenty dollars is provided each year by the SA for the functioning of this committee. Tommy Davis, chairman, reports that \$10 was spent on records and the rest is being kept in reserve for any equipment that is requested.

Four educational movies have been shown in GHS this year through the new visual education program.

Departmental movies will be shown throughout the year. Plans are being made to circulate previews before each movie by David

Ham, chairman of the Visual Education Committee, and Mr. J. E. Britt, adviser.

"Snow White and the Seven Dwarfs" was presented to the Student Body by Ethel Handley and her marionette company on October 6. There was no admission but contributions were accepted.

The company plans to return to the same schools next year to present a different marionette show.

Four students and two teachers are doing part time work in the office this year due to the school's inability to hire a full time secretary. The office staff is composed of Ann Barbour, Tootsie Powell, Peggy Blaylock, Miss Mildred Aycock,

and Mrs. Eliza Cox. The teachers and students work one hour every day. Office work is credited to the students as a regular period.

Mr. Adriaan Roelof Schottman, former mayor and teacher of Batavia Java, spoke to the Student Body, on the Dutch East Indies on October 3.

Mr. Schottman was attending a Labor Conference in the United States and was forced to remain here on hearing of the Invasion of Java.

Four hundred and seventy-two students were enrolled in GHS at the end of the first month this year compared with an enrollment of 477 last year.

The Goldsboro Teen-Age Club has been reopened and is ready for use over the week-end.

The club was closed during the summer because of the polio situation in the state.

The Seniors in Miss Emma Lou Garner's and Miss Ida Gordner's sociology classes have combined their efforts to reestablish the Teen-Age Club in Goldsboro.

These classes are working in cooperation with the executive committee of the Teen-Age Club. Zeno Spence, president, is adviser to all activities carried on. Other officers composing the executive committee are: Charles Britt, vice president; Margaret Dumas, secretary; Erskine Pope, treasurer; and Betty Lou Cox, chairman of the chaperons committee.

A Halloween dance, at which Zeno Spence and his GHS Swingsters furnished the music, was the initial project of the club. There was no charge to the dance, which was presented last Friday night, with Mr. Clifton Britton, Miss Emma Lou Garner and Miss Isabelle Williams as chaperones.

Seniors from the two sociology classes formed committees to plan the dance. Original invitations were mailed to every high school student. Temporary committee chairmen for the dance were: Margaret Dumas, invitations; Anne Stowe and Jean Pyatt, outside advertising; Josephine Sears, school advertising; Huldah Powell, decorations; Barbara Dillon, refreshments; and Ann Bizzell, chaperones.

Since the dance a questionnaire circular has been sent to each student inquiring whether or not he attended the dance and if he were planning to join the Teen-Age Club. Results have not yet been tallied.

A schedule for the hours has not yet been completed. Other activities such as hiking and dancing lessons are to be included. The club provides a snack bar, dancing, and facilities for those who do not dance.

Reasons for the failure of the club were listed in the sociology classes as follows: (1) Polio this summer, (2) Poor attendance, (3) Lack of entertainment, (4) Lack of equipment, and (5) No "glamour". In order to make the new club a success the classes are working to improve these conditions.

Britt, has come from William Street School to teach home economics and civics; Mrs. Dewey Slocumb, temporary band and glee club teacher, formerly taught music privately. Mr. Eugene Roberts, who came to Goldsboro after serving four years as principal of Lee Woodard School in Black Creek, is teaching woodwork, printing and journalism.
