## GHS Students Reach 90% In Purchase Of War Stamps

GHS has reached 90% participation in the sale of War Bonds and Stamps for the month of February 16 to March 16.

This makes the third month in the entire school year in which the Treasury flag has flown. The flag flies only when there is 90% participation in the school.

The student body reached over 90% between March 19 and 21. Stamp purchasers were admitted to a 62-minute movie "Combat America", starring Clark Gable.

A brief assembly was held March 13 at which time a report was given of the progress GHS has made in War Bonds and Stamps sales. Martha Winslow, Connie Johnson, and Jo Rosenthal gave the War Bond reports and boosted the sales. GHS students have purchased the following equipment for the school year 1944-1945: Army Pursuit Plane, \$50,000 (bought from last year's E bonds); Army Primary Trainer, \$15,000; Three (3) Jeeps at \$1,165, \$3,495; Two (2) Field Ambulances at \$1,950, \$3,900; One Duck, \$8,275; Personal Carrier, \$9,200; Total, \$89,870.00. Individual programs and record sheets were distributed to each student at the door. Also on the program was the Pledge of Allegiance to the American Flag after which the audience was led in prayer by Mr. Eugene Roberts.

Each piece of equipment bought by GHS students contains a dedication panel saying that the students of GHS paid for it through the purchase of stamps and Series E Bonds. The school was also given a Navy Star to be added to the Treasury Flag for a semester of 90% participation last spring. A facsimile of the original Bill of Rights was given to the school because of the 90% record last year. Copies of the panels and actual Treasury Citations were displayed on bulletin boards in the downstairs hall.

The War Bond Council received permission from the State War Finance Committee to subtract from

Another honor in her Junior year, giving her recognition for outstanding scholarship, was her selection as Assistant Chief Marshal.
