

This & That

by Sara Thompson

Take notice!!! This is a new column written for your enjoyment. This column contains no malicious gossip, no scandalizing scandals, no slanderous slandering and no insulting insults to any individual who might carry these four characteristics on his small brain.

To start the ball rolling . . . heard the most interesting comment the other day. Seems a certain Junior boy took upon his mighty little shoulders, at an early age, the inevitable task of becoming an agriculturist. Seems like this just isn't the right environment for growing macaroni. Eh, Bobby Anderson????

Mathmeticians

One Sunday not so long ago, 'twas in the Dun Dee, and one of the efficient members of the personnel was figuring the number of hours in a year, the number of minutes in a year, and the number of seconds in a year. This industrious character was Earl (Mathmetician) Radford. Donald Best was assisting him with the figures. The totals were: 8,760 hours in a year, 525,600 minutes in a year, and 31,536,000 seconds in a year. If you wonder about these figure it up for yourself.

We want to take space also in this column to offer congratulations to the new members of the National Honor Society. They've worked hard, and have been honored to the fullest extent by G. H. S.

rick, assisted by Julian Lee Hill, have been working faithfully for the last couple weeks selling ads to the merchants of Goldsboro for extra money towards the trip's expenses. Last we heard Gene was leading in the race. Seems as if Elton and Julian are slow because of conflicting claims on their time. Those going on the New York trip are Peggy Malpass, "Addie" Vann, Ruth Edmundson, Sara Cobb, Elton Warrick, Gene Roberts and those from the Gohisca Staff going are Sally Edgerton, Lib Smith, Libby Lou Stuart, Emily Warrick, and Sara Dewey Hunt. Terrace Chains Are Placed

Chains recently have been put around the front terraces of G. H. S.

The purpose of these chains is to stop people from trampling down the grass.

Last fall when school began there was a fine crop of grass on the terraces. Now there is nothing but bare ground, which detracts from the looks of the school.

Since chains have been put up and grass has been planted by the Building, Grounds, and Halls Committee, efforts are being made to keep the front terraces beautiful.

The first Editor of the Hi News was Richard Parker.

Typhoid Shots Given Students

Typhoid immunization was given to all G.H.S. students and teachers on February 6. Nurses from the Wayne County Health Department were in charge of the clinic.

The second clinic was held February 13, for students who were getting their second typhoid shot, and for all seniors wishing to get their smallpox vaccination, a health requirement for college applicants.

The third and last clinic was held February 20, for the third typhoid shot.

This is an annual affair at no charge to the students and faculty of G.H.S.

they're gonna have seeing the historic points of interest. Students from Coach Doak, Miss Elizabeth Grant, and Mr. Twiford's history classes are planning the trip with Coach Doak, Miss Elizabeth Grant, and Mr. C. W. Twiford as chaperones.

Delegates Named

Everybody's going somewhere—Janet Cook, Martha Kornegay, and Nancy Parker were elected official delegates to the Eastern District Student Council Congress to be held in Greenville in March. Mela Royall and Charlie Norwood are the unofficial delegates. Miss Grant, the S. A. advisor, will accompany them on the trip, and at the present time G.H.S. is being represented at the State National Honor Society in Concord.
