

# WHO'S WHO

One of our best all around seniors is Josephine Whitley, better known as "Phenie". She has been a member of the basketball team for one year and a member of the girls' tennis team for two years. Last year, she won the South Piedmont Conference championship in tennis.

Her club activities include the Girls' Athletic Association, Boosters' club, and Glee club. She has also been a cheer leader for two years.

Her most recent honor came when she was tapped for membership in the National Honor Society Friday. She is also treasurer of the Girls' Athletic Association, and secretary of the Mixed Chorus.

Among her likes are Tyrone Power and Alice Faye; sports, such as: tennis, basketball, football and swimming; anything to eat except turnips and okra; and (we think) blonde and red headed boys. Her favorite author is Lloyd C. Douglas.

After graduation, "Phenie" plans to enter W. C. U. N. C. and take a course in physical education.

Who is that tall senior you have seen dashing madly around the halls in search of Full Moon material? You guessed it, Lee Copple. Capable and popular, he was editor of the Al-Hi-Script last year, has been on the student council two years, a member of the debating team three years, and a member of the Masqueraders, honorary dramatic club.

Lee received another honor Friday when he was taken into the National Honor Society. He is now serving his second year as school reporter for the Stanly News and Press.

Along the sports line, he has participated in football and tennis. His clubs include Boosters', Dramatic, Journalistic, and Hi-Y, in which organization he is now serving as vice-president. He was also a commencement marshal last year.

Lee's favorite movie stars are Norma Shearer and Joel McCrea, while "Green Light" is his favorite book.

Not sure about which year he will graduate, he plans to enter Wake Forest College.

## Three Teachers Attend Annual Conference

Three high school music teachers, Mr. Fry, Mr. Tillotson, and Miss Worsham, attended the music conference in Greensboro, October 16th.

The conference was divided into three parts: band directors, music teachers, and choral directors.

Mr. Tillotson played in the Davidson band, which was used for a demonstration of various principles for high school band directors.

Mr. Fry attended the choral directors' meeting, presided over by Mr. Olaf Christiansen, director of the Oberlin college A Capella choir. Mr. Christiansen directed the clinic choir composed of 280 high school students from near-by cities.

Miss Worsham attended the meeting for the piano teachers.

Radical changes were made in the plans for the annual music contest to be held in Greensboro in the spring.

## Health Projects To Be Sponsored

In cooperation with the health program being conducted in the high school, home room programs for the next nine weeks will be based on health topics.

In connection with the health programs a poster contest will be sponsored. The poster may be of any phase or type concerning health and is to be handed in on or before December 5.

A committee of teachers, Misses Moore, Milling, Holt and Polston have worked out these possible topics for the programs: Posture, Nutrition, Common Ailments, First Aids, Patent Medicines, Tobacco and Alcohol, General Physical Check Up, Mental Hygiene, and Social Hygiene.

These programs will begin in home rooms the latter part of October and last through December.

## Clubs Organized Under New Plan

Six new clubs have been formed under the new club plan put into effect this year. This plan, introduced by Mr. Gibson in a recent assembly program, is designed to accommodate only those students who are sincerely interested in club work, and for this reason the practice of giving credit toward graduation for club work will be discontinued.

The Creative Writing club, with Miss Watson as sponsor, will have as its principal function the publication of the Al-Hi-Script, school literary magazine. The Mixed Chorus club under the direction of Mr. Fry will serve as a chapel choir, and make several other public appearances during the year.

The other new clubs are Model Airplane club, Physical Culture club for boys under the direction of Mr. Gehring, Current Problems club with Miss McKenzie as sponsor, and the Art club under the direction of Miss Powell.

Other clubs which have been organized are the Physical Culture, Boosters', Dramatic, Athletic, Home Economics, Science, Photography, and Arts and Crafts. A high school orchestra has also been formed, under the direction of Mr. Jack Tillotson. This orchestra meets on both club days, and is composed of selected members of the school band.

## Four Students Selected To Attend Congress Of Students In Durham

### Improvement Made In School Cafeteria

At least fifty students and eight teachers are served each day in the high school cafeteria, according to a statement made by Mrs. L. J. Skidmore, supervisor of cafeterias in the county. It takes two full-time workers and six girl helpers to serve this number.

During the summer, additional cabinets and some paint were added to the cafeteria.

The usual meal for the day consists of meat, two or three vegetables, a salad, milk, and dessert—cakes, pies or ice cream.

Most of this food is produced in an eleven-acre garden owned by the cafeteria. During the summer, 1,813 quarts of vegetables and fruits were canned by the workers, seventy-five bushels of Irish potatoes were produced, one hundred pounds of peas and beans were dried, and one-fourth acre of sweet potatoes and three and one-half acres of corn are yet to be harvested. The winter garden will have such vegetables as turnips, mustard, rape, cabbage, and collards.

The cafeteria has a Grade A state rating.

### Amy Fry Holds Championship Among Typists

Among the typing students this year, Amy Fry holds the championship for first-year students with 31 words and 2 errors per minute; while Ann Henning is a close runner-up, with 29-1.

Among second-year students, Hoyle Whitley takes first with 58 words and 2 errors per minute.

A frog that came from Will Rogers's farm (Emmett Dalton) jumped 13 feet and 5 inches for the world's record.

Andy Bershak, of University of North Carolina, was elected in 1937 an All-American end by Collier's and Nana, two leading newspapers in the United States.

### "Student Attitudes" Is To Be Discussed

An invitation has been extended to the student council to send representatives to the annual state convention of student councils to be held in Durham, November 3-4.

In a special session of the student council Friday morning, Jane Austin Turner, Carolyn Stone, Lois Milton, and Lee Copple were selected to represent Albemarle in this meeting. Registration will be just prior to the first conference, which will begin at 2:30 Friday afternoon in the Durham high school auditorium.

The list of speakers has not been released yet, but professors from the neighboring universities, Duke and Carolina, will participate. In order that all students will be able to take part in the convention, group discussions will be held with "Student Attitudes" as the topic.

Friday night a banquet will be held for the visitors followed by a dance in the Durham high gymnasium. Saturday morning there will be a short business meeting, after which it is hoped that the delegates will be able to see the North Carolina-North Carolina State game in Chapel Hill.

Officers of the State Student Council Congress are Bahnsen Gray of R. J. Reynolds high in Winston-Salem, president, and Rowena Mason of Durham high school, treasurer.

Last year was the first year that Albemarle participated in this congress. The meeting was held in Kannapolis.
