

### Trophies and Cups Won by Students Shown in Library

Have you ever taken the time to notice the cups and trophies that are displayed in the library? If you haven't you should do so for they are interesting to see.

The tennis trophies of the South Piedmont conference in 1935 were won by Bill Mann, boys singles, and by Hazel Maudlin and Wilma Morton, girls doubles.

The trophy for field day events in 1935 was won by the athletic class of 1938.

The cups were won by the Spanish club in 1929 and 1930, and by S. G. A. A. in 1935.

These cups and trophies are well worth noticing.

### Comparison of Single Petunia to a Double Petunia

A single petunia is like a begonia, you slice a begonia like you are a crime, monkeys crime trees, trees a crowd, rooster crowd and made a noise, on your face you have a nose and two eyes, eyes is opposite of nose, horse says when he has a colt, you go to bed with a colt and wake up with double petunia.

# WHO'S WHO

POLLY MARTIN

Personality, energy, firmness, good humor and scholastic ability are the characteristics that make Polly Martin one of the most outstanding seniors in Albemarle high school.

Polly, a member of the National Honor Society, is treasurer of the Student Council, President of the Black Maque Dramatic club, and a cheerleader who really has "it."

Polly, whose real name is Mary Pauline, rates Laurence Olivier, Rosalind Russell, and Errol Flynn as the best movie stars.

As for cats, Polly says, "I could eat Health Bars forever."

Swimming and tennis are her favorite sports, and "Gene With the Wind" is the best book she has ever read, although it kept her busy for a long time.

Bookkeeping is Polly's favorite subject, and "Only Forever" is the song she could sing all day.

When asked why she continually hops from one foot to the other, Polly answered with her favorite expression, "So wot!"

"If I had a million dollars," said Polly, "I'd buy lots of clothes and then travel."

Polly's sole ambition at present is to stop biting her fingernails.

When she graduates, Polly plans to go to Carolina and prepare to become a commercial teacher.

LLOYD SKIDMORE

Height 5' 7 1/2"  
Weight 137 lbs.  
Brown Hair  
Dark and Wavy Eyes

These facts sum up Lloyd "Junior" Skidmore, well-liked personality plus student who is now chairman of the Chapel Program committee.

"Junior" has been outstanding in Student Council for the past two years and in sports ever since he entered Albemarle high school.

Among the screen stars, "Skid" or "Junior", gives Linda Darnell and Spencer Tracy first places.

Beginning with his favorite expression, "Oh Yeah!", "Skid" told us, "I can eat everything but cabbage and turnips."

Football gets highest honor in the way of sports.

Stories of adventure rate among the best books, according to "Skid"; however, Cooper is his favorite author.

"If I had a million dollars," he said, "I would save \$900,000 and in the easiest way get rid of the other \$100,000."

When Lloyd graduates, he plans to enter Georgia Tech and major in aeronautical engineering.

Lloyd's ambition is to be a success in life, and here's wishing him the best of luck.
