

Future Teachers Gain Experience

Students of the Future Teachers of America have been getting some actual experience in the line of teaching during the past few weeks.

Plans have been made with the principals of the city grammar schools to let students of the FTA take over one class a week in order to gain more experience.

Bill Beeker is already teaching two classes a week at Central school, while Stephen Sasser, Yoder Whitley, Amorelle Tucker, and Bill Fisher are planning to teach one class a week.

Future Teachers Plan Convention

The Albemarle chapter of the Future Teachers of America plans to organize a county-wide organization of the F.T.A. chapters in Stanly county.

Bill Beeker, president of the local chapter, is planning to write the local county schools and arrange to hold a meeting at Pfeiffer College. With a county-wide organization the Future Teachers in the county could accomplish more and become a stronger organization.

BEEKER'S BILLBOARD

By BILL BEEKER

Valentine's Day is here, and love and snowballs are in the air. Some of those snowballs are kind of hard. Maybe it's just because of the rocks you boys have been putting in them. (You know, just like the ones in my head.)

"I broke my husband of biting his nails."
"How?"
"I hid his teeth."
The girl who swears she has never been kissed has a right to swear.

"What's your name?"
"9465846."
"Is that your real name?"
"Now, dat's just me pen name."

I wish I were a moment
In my teacher's class.
For no matter how idle moments
are,
They always seem to pass.

"I've got my husband to the point where he eats out of my hand."
"Saves a lot of dishwashing, doesn't it?"
