Musical Comedy Makes Debut

"SKY HIGH" CAST REHEARSES FOR TONIGHT'S SHOW

Special Choir, Black Masque, Band Combine Talents

A musical stage comedy, "Sky High," featuring the combined talents of the Black Masque Club, Special Choir, and the Senior High Band will be presented tonight and tomorrow night in the Albemarle Senior High School auditorium beginning at 8 p.m.

Leading the cast will be Emlynn Helms as Merrilee Summers; Joe Earnhardt, Franklin Russell; Rusty Vick, Bob Winters; Frances Ann Miller, Bea Collins; and Pearlise Rae Burris, Roberta Moses.

This unique production is under the direction of Mr. Paul B. Fry, choir director; Mrs. George Hauss, band director; and Mrs. Syble Brown, Black Masque adviser.

"This is the first venture of this type ever undertaken in our school using the combined talents found in several departments with a scope that might be described as 'school-wide' production," stated Mr. Fry.

"Sky High" presents New York City in planning the construction of a 140-story monument to the genius of man! From city officials to taxi drivers, this entire city is gloriously mad over the project. That is everyone except Franklin Russell, a mild mannered librarian, who just happens to own the land where the building is to be constructed. When Franklin refuses to sell, New York is thrown into bedlam: The Mayor's Planning Committee under Roberta Moses, the City Legal Department under Bea Collins, and the architect, Bob Winters, are determined to continue their gigantic plans. It is riotous trouble for Franklin until his own secret dream comes true and solves everyone's problems.

Members of the Senior and Junior Classes have assisted in the sale of tickets; the home economics department, costumes; and the radio staff under Miss Becky Stasavich, publicity. Specially designed stage sets have been constructed for this production. Also, choreography is under the direction of Mrs. Tommy Hearne.

Mr. Fry concluded, "We urge all students in Albemarle Senior High to be present to enjoy this entertainment."

City Teachers See Industries

One hundred fifteen teachers from the Albemarle City school system visited six industries on Industry Visitation Day, October 28. The plants visited by the teachers were Alcoa, Austin Knitting Mills, Page Church Furniture Company, E. J. Snyder and Co., and Wiscasset Hosiery Mill. The tours began at 1:30 p.m. and 3:30 p.m., enabling the teachers to visit two plants during the afternoon.

The purpose of the visitations was to give the teachers a better understanding of industry, what its employees do, and how education ties into the overall picture.
