

GRAMMAR GRADE NEWS

THE FIRST GRADE

EASTER

We had a good time Easter. We had an egg hunt. Marie Miller won first prize. Earl Baty won second prize; and Louise Henry, second prize.

-Howard Lowe

THE EASTER RABBIT'S VISIT

We made little paper baskets and put little rabbits on them. When we went out to hunt our eggs we left them on our tables to dry. While we were gone the Easter Bunny came and left a toy rabbit and candy in every basket.

-Kathleen Potts

Mary Deas Anderson has come back from Florida. We will be glad to see her when she comes to school.

-Hazel McCall

Ray Reese is at home. He has measles.

-Billy Bryson

Louise Jenkins has been sick. Her tooth aches.

-J. L. Crane

Henrietta Talley and Edna Crane are sick with colds.

-Edna May Lee

-----o-----

THE SECOND GRADE

THE EASTER BUNNY

The Easter Bunny brings us pretty eggs every year. He hides them and lets us hunt them. I like to eat them too. We have never seen him hide them, and I guess we never will.

-Mary Phillips

OUR HUNT

We had our Easter egg hunt Monday. Helen Jenkins got the prize for finding the most. We dyed eggs at school. Ernest Webb and Harry Holt got the prize for the boys. Bernice Zachary and Lois Munger hid the eggs.

-Doris Munger

BIRDS

We have been reading about birds. We drew a wood thrush. His back is brown. His breast is white, and he has brown specks on him. The robin has white under his neck. The robin is the bird that I like best.

-Billy Waller

ROBINS

We learned some songs about Robins. I saw some Saturday. They were hopping in the yard. We have some pictures of birds in the Second Grade.

-Maxine Talley

FLOWERS

Spring is almost here. We are going to plant a flower garden before long. I hope many people will stop and see the flowers. We have many kinds of plants.

-Eula Crane

HOW THINGS GROW

Our Science Reader told us some things to do with seeds. The mother seed gives the little seed food until the roots grow. We planted some bean seed in a glass so we could see the roots.

-Bill Speed
