On May first, Albemarle High was eliminated from the State basketball series by the Badin nine, score being 2-8. This game was played on the Badin ground. Badin outplayed Albemarle, both with the timber and in the field, thereby winning the game. A notable event was a long drive over the fence by Sides. Skidmore scored the other run for Albemarle. He got on base by errors and crossed the plate when Carter singled.

**ANOTHER VICTORY FOR ALBEMARLE.**

On the Badin diamond, Thursday, May 11, the Albemarle "nine" won over the Badin Scout team.

This was the second game played and won by the "scrub" nine this season. The winning of this game was due to the superiority of the

Albemarle battery,—“Red” Davis, twirler, and Skidmore, Catcher.

**THE JUNIORS WIN OVER BADIN**

The second team of the Albemarle High School played their first game of the season Monday, May 8th, easily defeating the Badin Juniors by the score of 6-1. With the exception of two bad errors our "scrubs" played a fine game. It may be mentioned, without boasting, that these boys have always won the majority of their games, whether in baseball or basketball. Boys, defend your "Rep" and win the rest of your games.

**AN APPRECIATION**

(By Mary Anderson)

Dr. E. C. Branson, of the Univer-

sity of North Carolina, head of the department of Rural Social Science, in a recent letter to the Editor-in-Chief of The Midget, said: "I am greatly pleased with 'The Midget.' I do not know of any more creditable high school publication in the United States."

Letters like this encourage us and make us very grateful to those who have helped to make our paper a success.

A great part of this success belongs to Winfred Gaddy, our Business Manager. Since the first day of assuming office Winfred has worked with the idea of making The Midget a success. He labored both day and night securing advertisements, getting the paper printed and helping the editors select the reading matter. The students and teachers of the Albemarle High School feel that they have been especially fortunate in having secured for business manager a person of Winfred's "pep" and ability. They, therefore, take this means of thanking him for his valuable service.

**AS A GIFT**

If you select an "Elgin" you are paying one of the most appreciated and enduring tributes it is possible to confer. Each model is the finest yet produced at the figure—a gift that lasts a lifetime.

In all the world, what gift is so perfect, so appropriate, so acceptable to the young Graduate as that faithful guardian of the precious minutes of today—an Elgin.
