The Kitchenette Shower was a great success.

It was a great delight to have so many of the old girls back with us for Thanksgiving. They all spoke words of congratulations and encouragement to *The Twig*, for which we thank them.

The Sophomores had a very gala occasion on their "night off," and the rest of us a rather noisy and sleepless time. Sophomore night comes but once to each class, and this class, as well as all former ones, seemed determined to have as big a time as possible.

Meredith really has a Fire Department, although not much is heard about it. We suggest that we have some drills, of course not in the middle of the night or during our Saturday night date period, but at some reasonable time. We need to learn to drill orderly, quietly, and quickly.

We congratulate the *Technician* on its enlarged size and agree that its present size is more in keeping with the college that it represents.

It is a thing worthy of note that the N. C. Teachers Assembly, in the recent meeting held here in Raleigh, endorsed the study of Bible and the study of music in all secondary schools. The later item will be of special interest to all public school music students.

The need for both has long been great, and the future generations will no doubt profit largely by this act. Dr. Brewer was elected president of the Association for the coming year.

Go up and look over the new lot of books the library has just received. You will be sure to find at least one in which you'll be specially interested.

MISS SNIDER GIVES DELIGHTFUL RECITAL ON THURSDAY EVENING

did them in a fine interpretive manner. She did much with the first song, "The Night Wind," by Harley, and further disclosed her ability to sing negro songs in the Dichmont "Ma Little Banjo" and "Run on Home," by Strickland. "My Menagerie," by Foster, and two songs by Curran, "Rain" and "Life", concluded the group. The audience would not let Miss Snider go until she had repeated "My Little Banjo" and "Run Home Nigger."

Miss Snider, who is the possessor of a very charming personality, has once more proven the fact that the English language can be used in such a way that every word can be understood. She has cultivated her enunciation to perfection. She has many admirers in and out of college, which was demonstrated by the many floral gifts and the generous applause.

Dr. Dingley Brown, director of the music department at Meredith, rendered valuable assistance with his usual artistic accompaniments.—*News and Observer*.

COLLEGIATE PRESS

Charlotte, N. C., Nov. 25.—On Monday, November 21st, Miss Rena Blanton, the Student Government president was initiated into the Kappa Omicron Honorary Society. After the initiation a banquet was given in her honor at the Brown Betty Tea Room, after which the members attended a lecture on art given by James Pennel under the auspices of the Woman's Club of Charlotte.

Charlotte, N. C., Nov. 25.—Harry Mercer, a wonderful tenor, will give a concert at Queens in December. Mr. Mercer comes under the auspices of the Queens Blues. He will have with him a very capable accompanist and also a violinist. Mr. Mercer is now with the Redpath Chautauqua and Queens considers herself very fortunate in being able to get such Artists to entertain at the College.

SPECIAL TRAIN TAKES STUDENTS TO FURMAN GAME

Great enthusiasm was shown over the Furman game in Greenville, Thanksgiving Day. A special train was run leaving Davidson at 8:00 in the morning, and returning at one that night. A Pullman car carried the team. As usual, many of the students had difficulty in raising the price of a ticket, and many ingenious devices were conjured up by those who were forced to hobo to the game. One of the musicians of the Band is reported to have hidden himself in the bass drum.

MITCHELL COLLEGE GIRLS GIVE PAGEANT

Great interest is being shown in the Pageant the Mitchell College girls are to present at the Y. M. C. A. meeting Sunday. This is the same pageant as that which the N. U. College girls gave at Trinity and at other places last year. Davenport College has also given it several times. The Mitchell College girls will come through the country in cars Sunday afternoon, and will return to Statesville after the performance Sunday night. Their faculty will not allow them to be absent from school longer than the afternoon, and evening. Needless to say, the Y. M. C. A. expects a record breaking attendance tomorrow evening.

The Rare Fact

A teacher asked her class of children what a skeleton was. One little fellow, Benny, aged seven, said: "I know; it's bones with the people rubbed off."
