

Y. W. C. A. NOTES

On last Sunday, instead of the usual Sunday evening service, there was, at four o'clock in the afternoon, a meeting held in chapel at which Miss Juliet Mather, who has been with us for a week teaching a W. M. U. study class, gave a very delightful and interesting talk. We were glad to have with us at this meeting several of our friends from out in town. The devotional exercises were led by Mrs. Maddry, and after this Janet Holloman and Elizabeth Kendrick gave a vocal duet. Miss Mather spoke about the value in our life, especially our college life of knowing Christ. She told us that of all the knowledge and the wisdom we gained while in college this was far the most important. And she also dwelt on the importance of winning souls to Christ, for "those who win many to Christ shall shine as the brightness of the firmament." After Miss Mather's talk Miss Highsmith sang a very beautiful solo.

We feel that we have been more than fortunate in having Miss Mather with us for even such a short period, and we hate for her to leave us.

DR. GOHEEN SPEAKS TO STUDENT BODY

(Continued from page 1)

of widows at the stake or on the funeral pyres of their husbands. The lives of the Temple women are especially deplorable. These women are dedicated to the Temple at the age of twelve and are virtually married to some one of the gods; after this they become common prostitutes and their hardness is proverbial.

The caste system is another evil in Indian society, said Dr. Goheen, for by it a person is fated to a definite sort of life which however distasteful it may be, he is powerless to change.

After giving several instances of the material good that had come to the convents, notably the case of a man who had risen from the lowest ranks to the highest—to be head of a Christian school, Dr. Goheen closed with a plea for more workers for this particular section of the foreign field.

line, which is but little longer than the voltage used for lighting purposes in the home, is boosted to 30,000 volts by means of a transformer. This voltage is then applied to a number of vacuum tubes, acting as rectifiers, which change the voltage to direct current. Placed between the rectifier and the modulator or molding tubes, is a high power oscillator tube. The electric power entering this tube sets the ether into vibration and upon these vibrations the electric waves, molded into shape in the modulator tubes, are sent to the antenna to go out into space.

COLLEGE NEWS

Mary L. Little returned to school Sunday, after a spell of influenza. We are glad to welcome her back.

Inez Boyd, '21, and Sallie Mac Beale, '21, visited here recently.

Clarice Tuttle and Marjaline Tolar spent the week-end in Wake Forest.

We are very sorry to report Dr. Brewer and Miss Beach ill at this writing. We wish for them a speedy recovery.

Gladys Currin has been called to Oxford, owing to the death of her grand-father.

We were glad to have Christine Judd, '21, Moultrie Drake, '21, Louise Powell, '21, Alva Lawrence, '21, and Elizabeth Cullom, '21, visit us last week.

Dorothy Gower is attending the State W. M. U. meeting in Charlotte this week as the representative of Meredith College.

Several girls went to Wake Forest last Sunday to attend the county meeting of the B. Y. P. U's.

Genie Thomas, '20, a graduate of Meredith, was here for a little while last Saturday.

Annie Love, who has been out of school for several months, has returned.

Mary Larrion spent last week-end here with Bessie Hart.

PHI PLAY IS WELL ACTED AND ENJOYED BY LARGE AUDIENCE

(Continued from page 1)

plains himself without incriminating the others and Cissy, Mr. Goodly's ward gives him permission to call.

Special mention must be made of the acting of Helen Sentelle as Ebenezer Goodly, Susie Herring as the servant girl, Helma, Bert Moore as Richard, and Lilla Eaule Dowell as Jones. Wilma Durham was as good a Bishop as Lucille Inscoc an old maid. We shall ever be grateful to Miss Eiberg for her efficient help as director and wish to extend to her our heartiest appreciation and love.

ASTRO NEWS

The Astro Society held its regular meeting Saturday night, March 25. After the roll call and reading of the minutes the following program was carried out: reading by Bessie Hart, selections by Lowrey Olive, reading by Beth Carroll, poem by Nell Benthall, reading by Carolyn Mercer, sketch of the life of the author under discussion, who was Edgar A. Guest.
