The Roll Call

MATILDA HOLLEMAN

"I can get 'em up, I can get 'em up, I can get 'em up each day."

These are the notes sounded by bugler Daughtry, as she calls each athlete, old and new, big and little, pretty and prettier (they can't help it) freckles and curls to the field each practice day.

Yes siree, we have every kind of game in our camp—anything from receipts from "how to get prettier" up to "how to get plumper." We run a camp that's an all-round good one. Just apply at the bureau of information, sign your name, don your athletic suit, and skip out to fun and frolic.

Just suppose we look over our camp and introduce you to our material with which you can get what you want!

Here is the basketball court you just can't miss the chance of helping beat your "enemies." We're going to have practice every Monday and Thursday at four-thirty. Run out and shoot a goal.

Do you see this nice long road? Well, you can go on a five or ten mile hike twice a week if you want to and have a grand time sight-seeing and maybe "swipe"—I mean take—a nice juicy apple from some farmer's orchard.

Then if you want to have some fun knocking those little white balls you can! I mean play tennis. There are plenty of courts at your disposal.

Last, but not least, you can get pretty by keeping hygiene month. You'll surely be rewarded and you surely can study math lots better!

Then, of course, you want some reward and you can get it. For hiking forty miles you get twenty-five points, for hygiene month, you get thirty points. If you go out to practices you get twenty-five points and one hundred points if you make your class team. To be a member of W. A. A. you must have eighty-five points.

Come out and try out!

(Chowan)

Chowan's swimming pool is one of the largest of its kind in a North Carolina college. It's used as a favorite means of getting recreation after the day's work. It's used before breakfast in order to get up a good appetite. We congratulate our sister college for having such a fine means of recreation. We hope some day Meredith will be able to have a pool.

Essay on Pants—Creek Pebbles. Pants are made for men and not for women. Women are made for men and not for pants. When a man pants for a woman and a woman pants for a man, that's a pair of pants. Pants are like molasses—they are thinner in hot weather and thicker in cold weather. There has been much discussion as to whether pants is singular or plural. Seems to us that when men wear pants it is plural and when they don't wear pants, it is singular. If you want to make the pants last, make the coat first.

One day as I chanced to pass,
 A beaver was damming a river,
 And a man who had run out of gas
 Was doing the same to his fivver.
