

CLUB NEWS

Education Club

At the last meeting of the Education Club, Miss Gertrude Cox, head of the Department of Statistics at State College, was introduced as the guest speaker. Miss Cox told the group about her recent visit to Hawaii and showed moving pictures taken while there.

According to the president, Jean Maddery, this meeting was one of the largest and most successful in the history of the Education Club. Other interesting and outstanding speakers and programs have been planned for the year.

Sociology Club

The Sociology Club will hold its monthly meeting Tuesday, November 17, in the Hut. This meeting will be one of the high lights of the club this year. If you are interested in the problems of society today, you will be interested in our program relating to the prevention of juvenile delinquency through recreation. The speaker will be one of the best.

Classes Held For Presidents

Today at one-thirty parliamentary procedure class was held for the presidents of the various campus organizations. Fran Thompson and Dorothy Singleton were in charge of the class and prepared mimeographed material to give as a help to the presidents. The main purpose of the class was to make the organizations function more effectively through the correct use of parliamentary procedure.

Tomorrow's Business Women

"Retailing" was the special topic of the November 6 meeting of Tomorrow's Business Women. Mr. A. C. Kimrey from Hudson Belk Company was guest speaker.

The procedures of buying and the responsibility of a buyer were explained by Mr. Kimrey. He pointed out the relationship of the buyer to his own stores as well as to the resident New York buyers.

The subject was of special interest to the retailing class, all of whom attended this month's meeting.

that which is unseen that is permanent, rewarding, and which has spiritual implications. There is motivation and joy in this discovery of the imponderable which underlies even so simple a thing as a mathematical formula, "Beneath every subject," Dr. Rondthaler said in conclusion, "there is this unknown which leads to infinity and divinity."

Wilson to Lead Focus Week

Last Thursday in chapel Marjorie Wilson was elected student chairman of Focus Week. Marjorie was secretary of the B.S.U. last year and is devotional chairman of the council this year. Also nominated for chairman was Dot Swaringen. As chairman of the committee, Marjorie will head a general committee of approximately one hundred students, who will help plan and execute the plans for the week. Committees represented in this committee of one hundred will be the hospitality, program, publicity, social, book, and continu-

ation committees. The week, which will be in February, will feature several prominent Baptist men and women, who will live on the campus for the week. There will be two services each day, one at the chapel hour and another at night. After this service each of the leaders will conduct a seminar. Vespers and family altar will also carry out the theme of the week.

Survey Shows Flexibility

Berkeley, Calif. — (I.P.) — Present trends in university admission standards are towards greater flexibility in subject requirements and more centralized control of the organization and administration of these standards.

This was indicated by Ralph Prator, graduate student at the University of California, in his thesis, Administration of Admission to Colleges and Universities, submitted for the Doctor of Education degree.

Dr. Prator, who is on leave of absence from his position as Director of Admissions at the

Chest Drive Terminates

The race between the classes to net the largest collection for the Community Chest Drive has recently been terminated.

The race was a close one until the last, when the Junior Class, jockeyed by Frankie Ward, junior representative in the Community Chest Drive, spurred ahead in typical "dark horse" style to win first place with \$21.03. The Freshman Class, led on by Carol Parker, was ahead until the home stretch and then plunged across the finish line in second place with \$20.08. The seniors finished close behind in show position with \$19.58. The seniors ran "in the money" under the leadership of Ann Beal.

The Sophomore Class, represented by Addie Elliot, finished in the field with \$9.11.

This brought the total of money played in the race to \$69.76 for the student body of Meredith College.

Faculty Entertained In "Mother Goose Land"

The B. S. U. entertained the faculty last night at the Hut at eight o'clock. "Mother Goose Land" was the theme in the decorations. The guests entered the door through a huge brown shoe resembling that of Mother Goose. In each corner of the room nursery rhymes were represented such as "Little Boy Blue," "Little Miss Muffet," and "Polly Put The Kettle On."

Mother Goose games and songs were directed by Betty Brooks and Kathy Lewis. The games and song fests proved hilarious for everyone. Animal crackers and bubble gum were awarded as prizes. After the entertainment, soft drinks and sandwiches were served. All will remember this gay, imaginary trip to "Mother Goose Land."

University of Colorado, conducted a one-man survey of sixty universities and colleges throughout the country in order to determine the most satisfactory admissions plan.

The survey showed, among other things, that the completion of a certain number of units in English, mathematics, foreign language, social science, and science, is the most common method used for selecting students for admission to undergraduate colleges, but, that the trend is toward greater flexibility in these requirements.
