

Sports of the Day

By SUE PAGE

"In the Spring a young man's fancy lightly turns to the thoughts that a girl has had all Winter long" (apologies to Tennyson).

I owe an apology to the weather also. Winter seems to be busy somewhere else. I heard a girl singing, "It might as well be Spring" just the other day—to which I added Amen. Sports should be popular now because of the weather. Softball, soccer, and hockey are great fun and wonderful exercise. For that glow of health, there's nothing like a good swift set of tennis.

"Get your lines straight, nock your arrows, pull that string back to your nose, not your chin—now let it go and count three—" Of course everyone knows who is speaking and what she is talking about. If you had been out on Valentine's Day you would have thought Meredith was taking the holiday literally. A line of girls with drawn bows seemed intent on hitting something. Cupids à la Meredith learning how to use the bow and arrow. Now I can't promise that you will learn to hit the bull's eye of that favored State College man just because you are taking archery, but maybe you will get a good idea of aim! So even if you aren't in a class, come on out anyway and make use of the equipment. Who knows, maybe we will turn out a William Tell. Be careful though, because Miss Cunningham has promised an "F" to anyone who shoots anyone else.

The girls who have been going out to swim in St. Mary's swimming pool are very enthusiastic over it. All of this warm weather makes me yearn for the ol' swimming hole. How 'bout you?!

Some girls use make-up intelligently, and then some girls just use it. (*Boston University News*).

Elections For Officers Begun

Meredith's long seige of school elections began February 24 when the student body went to the polls to vote for the four major campus leaders for next year—the student government president, the B. S. U. president, the A. A. president, and the president of the day students. The elections committee is not sure when these weekly elections will be over, but it does realize that they will have to be over by April since the handbook for next year goes to press then.

Elsie Corbett heads the election committee this year as general chairman. Peggy Benbow is registrar, and Marilyn Mills and Marjorie Joyner are the judges; Marianna Worth is the senior judge; Elizabeth Jones, the junior judge; Betty Jane Hedgepeth, the sophomore judge; and Barbara Cox, the freshman judge.

SPEAKER'S TOPIC THEATRE GOING

A lecture was presented by Mr. Walter Prichard Eaton on February 4, under the sponsorship of the Colton English Club and the Little Theatre. Mr. Eaton is a noted drama critic, playwright, and poet; at the present time, he is visiting lecturer at the University of North Carolina.

Mr. Eaton lectured, in an informal manner on "Sixty Years of Theatre Going." He began with his first memory of the theatre which he got at the Boston Museum when he was about five years old. From that point he carried his audience with him through his vast storehouse of memories about the theatre. He introduced many of the great stars he had known. He ended the lecture by saying that he had lived through the pre-realistic period into the realistic period and he hopes he can see what will follow in the post-realistic world that is bound to come soon, for he says it should be very interesting.
