

THIRTY-ONE STUDENTS GO OUT FOR HOCKEY

Come one, come all! Yes, let's go everybody—let's get into the swing of that terrific game of hockey. Right now is the moment for you to throw back your shoulders, grab a hockey stick, and rush on out to the field for instructions in playing hockey.

Maybe you aren't exactly sure who is qualified to participate in this game. Well, read on, because hockey season is open to everyone. In fact, the Athletic Association will present a beautiful hockey stick to the most outstanding freshman player of the season. This event will take place on November 1, 1950.

Anyone who attends hockey practices receives points toward becoming a member of the Monogram Club. These practices are to teach you all the tricks of playing hockey, and the various teams are selected from this group. When are practices? They are every Monday, Tuesday, Thursday, and Friday at 5 p.m. sharp.

The teams which will grow out of this group are: the class teams, the Astro team, the Phi team, and the varsity team. Nancy House, our hockey manager, says that thirty-one students, of whom nineteen are new students, have begun practices. If you have not yet thrown your name in the pot, try it out at next practice and you will see how much fun it is—that's for sure!

HOME ECONOMICS CLUB
(Continued from page four)

American Home Economics Convention in Boston, Massachusetts, this summer, with Miss Brewer. To end the program, Mary Jo Shaw illustrated how the Meredith home economics club was aiding foreign services by adopting a German school.

"It's not easy," is the word that Jean Dula, winner of the freshman hockey stick last year, gives to three aspirants to that award. Looking on are, left to right, standing, Jean Dula; Nancy House, hockey manager; Alstine Salter, from Bass River, Mass.; and Kifty Barbehenn, Plainfield, New Jersey; and seated, Bonnie Morgan, Benson, N. C.

ATHLETIC ASSOCIATION APPROVES CALENDAR OF EVENTS FOR YEAR

The Athletic Association has approved its official calendar of events for the coming year. These dates have been scheduled after giving careful attention to all other college events of the season; it is hoped that the students will also approve this choice of times.

The annual Corn Huskin' Bee has been set for October 20, only two weeks from today. All new

students should be warned to dust off their sunbonnets and bandanas for this great event, for square dancing and authentic costumes are in style. If you are proficient at the arts of hog-calling, chicken-calling, and shucking corn, make yourself known to your class president right away, for your artistry will come in handy—and you'll help your class to win.

On November 1 the freshman hockey stick will be given at Award Night in the dining hall, so plan now to be there. December 15 has been set aside for the annual night of Christmas caroling all over Raleigh by Meredith girls; the week of March 5-9 is designated by the A. A. Board as Posture Week.

Dates for Palio, Stunt Night, and Faculty-Student Play Day have not yet been placed on the official calendar.

FOLK DANCE CLUB SCHEDULES EVENTS

Skipping, stamping, whirling, and hopping—what do those words remind you of? Dancing? Well, you are absolutely right. One of our favorite organizations, the Folk Dance Club, has already begun working on its programs for the year. Barbara Pearson, the manager, has given us some of the plans they have made.

Right now, the Folk Dance Club is working on the performance they will give at the Corn Huskin' Bee on October 20. Following that, the club will be busy preparing dancing programs of different countries

I.R.C. CLUB HEARS DR. WALLACE

The Meredith International Relations Club held its first meeting of the 1950-'51 school year on September 21 in the Hut. Betty Penny, president, introduced to the new members and guests Dr. Lillian Parker Wallace, sponsor; Margot Grimes, vice-president; Martha Holland, secretary-treasurer; and Billie Smith, program chairman.

After the officers had been introduced, Betty outlined the plans of the club for the coming year. One of the high spots of the year will be a program which will include members of the Cosmopolitan Club of North Carolina State College, plus the foreign and territorial students and faculty of Meredith. Definite plans for the program have not yet been completed, but the members of I. R. C. are eagerly looking forward to it.

An election was held after the routine business was finished. Virginia Waldrop, Lynette Adcock, and Francene King were elected to the offices of librarian, social chairman, and publicity chairman, respectively.

The speaker for the evening was a man familiar to all who attended the meeting—Mr. Wesley H. Wallace, who presented a very thought-provoking discussion on the Far East and its current problems. Mr. Wallace, son of Dr. Lillian Parker Wallace, of the Meredith history department, can easily be considered an authority on the Far East, since he has made his home in the Philippine Islands for the last several years. During the recent World War, Mr. Wallace served on General McArthur's special staff, and, after the war, was appointed general manager of the Manila Broadcasting Company. He has been in the United States since the spring of 1950.

Lemonade and cookies were served during the question-and-answer period following Mr. Wallace's talk, after which the meeting was adjourned.

which are of current interest to the world. By the way, they are going to try doing oriental numbers for the first time. It sounds like a lot of good entertainment, doesn't it?

Throughout the year, the Folk Dance Club will be giving us programs in chapel and at various school functions. Their own spring concert will take place April 7, 1951. Don't forget that date, because you will surely enjoy seeing the concert.

TIRE DISTRIBUTORS, Inc.
ATLANTIC SERVICE STATION

"Just Across the Street"

HOOD TIRES - GOODRICH BATTERIES
Recapping - Vulcanizing
ATLANTIC GASOLINE & MOTOR OIL
WASHING - POLISHING - WAXING
