

# Students Return With "MRS. Degree"

By JUANITA SWINDLER

Here, beneath the envious and covetous eye of nearly 600 girls, lies the almost full report on those "chosen few" who have earned their MRS. degrees after much diligent and concentrated effort. The coveted awards were presented and the final ceremonies were conducted at various places in North Carolina during the past summer.

Bobbie Ann Yarborough was among these happy maidens. Bobbie Ann and J. W. Brown were married September 1 at East Baptist Church in Gastonia. After the wedding Mr. and Mrs. Brown left for a wedding trip down the eastern coast of Florida and returned by the western coast. Bobbie Ann is a senior at Meredith, and J. W. is a senior in mechanical engineering at N. C. State. They are living now at 204 Faircloth Street in Raleigh. About married life Bobbie Ann says, "My bride's course is helping a lot with cooking — about which I knew nothing." She says, "No fusses yet."

"I dood it and I'm glad." Such are the words of Marlene Reep Caulberg as she speaks of her August 18 marriage to Bobby Caulberg. Her eyes sparkle as she speaks of the lovely wedding in the chapel of Edenton Street Methodist Church and the wedding trip to that perfect spot in the mountains of Western North Carolina and Tennessee. Bobbie is working at Frockling and Robertson, Inc., a commercial testing laboratory, but only temporarily. He and Marlene are frantically awaiting that final call from Uncle Sam. Marlene laughingly states, "After a month and a half, I've learned to scramble his eggs, but I still can't iron his shirts the way he likes." She's not having much trouble with house cleaning yet, since they're living with her

## GRE TO BE ADMINISTERED AT FOUR SESSIONS

Princeton, N. J., September 14 — The Graduate Record Examinations, required of applicants for admission to a number of graduate schools, will be administered at examination centers throughout the country four times in the coming year, Educational Testing Service has announced. During 1955-56 more than 9,000 students took the GRE in partial fulfillment of admission requirements of graduate schools which prescribed it.

This fall candidates may take the GRE on Saturday, November 17. In 1957, the dates are January 19, April 27 and July 6. ETS advises each applicant to inquire of the graduate school of his choice which of the examinations he should take and on which dates. Applicants for graduate school fellowships should ordinarily take the designated examinations in the fall administration.

The GRE tests offered in these nation-wide programs include a test of general scholastic ability and advanced level tests of achievement in sixteen different subject matter fields. According to ETS, candidates are permitted to take the Aptitude Test and/or one of the Advanced Tests.

A Bulletin of Information, (in which an application is inserted) provides details of registration and administration as well as sample questions, may be obtained from college advisors or directly from Educational Testing Service, 20 Nassau Street, Princeton, New Jersey, or P.O. Box 27896, Los Angeles 27, California. A completed application must reach the ETS office at least fifteen days before the date of the administration for which the candidate is applying.

When Julene Barlow McPhaul was asked about life with her civil engineer husband Elbert, she replied, "I'm happy as a lark. We're having a ball. I'm fer it." Julene and Elbert were married July 15 in the Baptist Home Church of North Wilkesboro and went down Florida way for that special trip. Julene will graduate in June, and she and Elbert will continue to live here in Raleigh at 137½ Garner Street.

It didn't take much persuasion from Jim to get Faye Williamson to change her last name to Little. Faye and Jim made the change in name official on August 25 in the First Baptist Church in Clinton, North Carolina. After the wedding trip to Fontana Village, the couple moved to College View Road — only temporarily, they hope. Cooking seems to be the big problem for most of these newlyweds, but Faye says, "We haven't starved yet."

Several other Meredith girls have that special glow that means happiness and a husband is theirs. Pat Swann Boyer, Doris Shropshire Thornton, Kay Marshall White and several others are back as day students this year, but they don't miss dorm life. To all of these — Julene, Bobbie Ann, Marlene, Pat, Faye, Doris, Kay and all the others — we other envious Meredithites send our very, very best wishes for all the happiness possible. To our fellow partners in single life we toast to "life, liberty, and the happiness we pursue."

## FULBRIGHT COMPETITION CLOSES NOVEMBER 1

November 1, 1956, is the closing date of the competitions for United States Government educational exchange grants for graduate study abroad, it was announced today by Kenneth Holland, president of the Institute of International Education, New York City. One month remains in which to apply for awards under the Fulbright and Buenos Aires Convention programs for the 1957-58 academic year.

Scholarship application blanks and a brochure describing the overseas study awards are available in the offices of Fulbright advisors on college and university campuses. Applicants enrolled at academic institutions must abide by the submission deadlines established by their respective Fulbright advisors.

The programs under the Fulbright Act and the Buenos Aires Convention for the Promotion of Inter-American Cultural Relations are part of the international educational exchange activities of the Department of State. They will give almost 1,000 American citizens the chance to study abroad during the 1957-58 academic year. Since the establishment of the program in 1947, over 5,500 American students have received grants for study.

Countries where U. S. graduate students may study under the Fulbright Program are Australia, Austria, Belgium and Luxembourg, Burma, Chile, Denmark, Finland, France, Germany, Greece, India, Italy, Japan, the Netherlands, New Zealand, Norway, the Philippines and the United Kingdom. In the Asian countries — Burma, India, Japan and the Philippines, as well as in Greece, only a limited number of grants are available, and mature graduate candidates are preferred. Special provision is made in the German program for 25 grants to American graduate students who will serve as English language assistants in secondary schools.

Countries participating in the Buenos Aires Convention Program are Bolivia, Brazil, Chile, Colom-

# Missionary to Speak In Chapel

Rev. J. Bryan Brasington

Reverend J. Bryan Brasington, missionary appointed to Peru, will speak in the B.S.U. Chapel Program, Tuesday, October 16. He has spent the past year in language school in Costa Rica and is now on a deputation for the Foreign Mission Board of the Southern Baptist Convention. He will sail for his post in November.

Mr. Brasington attended Clemson College, the University of South Carolina, received the Bachelor of Arts degree from Stretson University, and the Bachelor of Divinity from the Southern Baptist Theological Seminary. He has served in the Merchant Marines, and he was a professional baseball player for two years in the Florida State League.

bia, Costa Rica, Cuba, the Dominican Republic, Guatemala, Haiti, Honduras, Nicaragua, Panama, Paraguay, Peru and Venezuela.

Eligibility requirements for these foreign study fellowships are: United States citizenship; a college degree or its equivalent at the time the award is to be taken up; knowledge of the language of the country of application sufficient to carry on the proposed study; and good health. Preference is given to applicants not more than 35 years of age.

Final selection of Fulbright grantees is made by the Board of Foreign Scholarships, ten leading educators and educational administrators appointed by the President of the United States. The Institute of International Education has been designated by the Board and the Department of State to screen applications for study abroad. Under the Buenos Aires Convention, the Institute makes the preliminary recommendation of candidates, with the governments of the co-operating countries making the final selection of candidates for study within their borders.

Awards under the Fulbright Act are made entirely in the currencies of participating countries abroad. This Act authorizes the use of foreign currencies and credits acquired through the sale of surplus property abroad for educational exchanges. The awards cover transportation, expenses of a language refresher or orientation course abroad, tuition, books and maintenance for one academic year. Awards under the Buenos Aires Convention include transportation provided by the U. S. Government, and tuition and maintenance allowances provided by the host governments.

Lois Pond gave an imitation and Susan Moss presented a reading.

The guests were then informed about membership in the Playhouse, and were taken in as associate members. Then followed an explanation of how working in the Playhouse gives points toward Alpha Psi Omega, the national dramatics fraternity.

Refreshments were served later in the evening. During this time music was presented by Pat Greene at the piano and Pat Corbett with her accordion.
