

Ghost hunters to speak at MC

In an all new multi-media program, Ed and Lorraine Warren, "America's Top Ghost Hunters" will present an in-depth look at two of the most intense and frightening cases of true demonic hauntings to take place in the United States this century: "The Amityville Horror" and "The Demon Murder Case." The program will be on October 26 from 4:00 - 5:30 p.m. and 8:00 - 9:30 p.m. - a Midnight Madness special.

For over 35 years Ed and Lorraine Warren have painstakingly investigated the realm of the supernatural throughout North America, Europe, and Australia. They have delved into such areas as voodoo, exorcisms and possessions, curses, reincarnation, seances, and many other "occult" sciences.

Married at age 18, Ed and Lorraine toured the United States as professional artists. Although Lorraine accompanied him on many of these adventures, she refused for a long time to use the powers of clairvoyance that she, as a child, had discovered she possessed. It was only after continued confrontation with "spiritual entities" during such investi-

gations with Ed that she finally decided to develop her latent powers. Today she describes herself as a light trance medium with the ability to pick up thought impressions present in the environment. Results of ESP tests conducted at UCLA have been far above average.

In 1969 an exhibit of Ed's collection of paintings depicting hauntings captured the imagination of the public and led to their eventual college lecture tours dealing with the subject. Since that time they have appeared both nationally and abroad, not only in newspapers and magazines, but on radio and television as well.

National television credits include "AM America," "The Mike Douglas Show," "In Search of...," "PM Magazine," "Real People," "Tom Snyder's Tomorrow Show," and "To Tell The Truth." The Warrens have their own nationally syndicated column in *The Tattler*. Their second book, "The Demonologist: The Extraordinary Careers of Ed and Lorraine Warren," has recently been published by Prentice Hall, Inc. To date they have lectured to over 700 college au-

diences, including a recent sold-out tour of some 60 campuses. They are constantly consulted by numerous psychical institutions such as the prestigious American Society for Psychical Research in New York City and the Psychical Research Foundation in Durham.

Ed and Lorraine Warren were involved as chief investigators of a haunting on Long Island that became the subject of a number one best selling book and movie, "The Amityville Horror." To this day, that remains one of the worst cases that they have ever been involved with and certainly the most controversial. In addition, Ed is one of the few people authorized to examine the files upon which the book and movie "The Exorcist" were based. He has been present at 42 exorcisms of homes and individuals. These experiences, along with all those cases that come to their attention every week have gained Ed and Lorraine Warren the celebrated title of "America's Top Ghost Hunters."
