NEWS FROM THE MEREDITH CHRISTIAN ASSOCIATION

editor: Connie R. Morrow

We Appreciate You

WE WOULD LIKE TO WISH
CONNIE MORROW
A SAFE AND SPEEDY RECOVERY.

WE WILL BE THINKING OF
AND PRAYING
FOR YOU.

God,
Set me free to celebrate joy.
Liberate me to laugh and sing.
As the wind plays in the treetops,
like kittens gamboling on the rug,
as puppies chasing their tails,
like small children at play,
free me from all that inhibits natural fun,
and help me to enjoy being alive.

MCA Council

Milstead Makes MCA A Successful Association

Wednesday Worship Services, Unwindings, the Crop Walk, and Religious Emphasis Week are just a few of the activities sponsored by the MCA (Meredith Christian Association). The Club, led by MCA President Kelley Milstead, also sponsored various community projects such as: the Governor Morehead School, Dorothea Dix, Glenwood Towers, and Project Hope at the Women's Prison.

Kelley's first real involvement with MCA was her junior year when she served as Chair of Dorothea Dix service project. She had been involved in MCA Service projects in previous years. She then ran for the presidency her senior year.

As the President of MCA one of Kelley's chief responsibilities is to reside over the Council meetings which are held on Thursday nights. For Kelley, this is an easy task as she explains, "the council is so good that they make my job easier." She is also to act as a mediator for the faculty and the students.

Kelley's interest in MCA; as well as

being a member of the Religion Club and serving as secretary of the Psychology Club, may easily be explained by her double major in Religion and Psychology. Upon graduating from Meredith, she is planning to enter Southern Seminary, in Kentucky, this fall. She hopes to get a Masters of Divinity and is interested in Clinical Chaplancy. Aside from the Psychology Club and Religion Club, she is also a member of the Phis and the Silver Shields. Her interests include photography, playing golf, hiking, and being with her friends.

Kelley sees MCA as a chance for students to express their own faith and to develop their faith while at school. It also serves as an opportunity for them to grow and develop in their own Christian faith. In closing, she expresses her approval of the response to MCA so far this year, "Response has been great, worship attendance is real good and we have had phenomenal response from Freshmen. Everything is really going well this year."
