The nets are up, practice has started, and the team's first game will be Tuesday, September 14, at 6:00 and 8:00 p.m. Yes, it is volleyball season again here at Meredith. And the coaches, Dr. Marie Chamblee and Dr. Cindy Bross, have high hopes for a prosperous season this year.

Tryouts went well with a good turnout, which was imperative considering four starters graduated leaving only four returning starters. "Of these four, Melanie Ford is the best defensive player as well as an excellent hitter," said Chamblee.

Sandy Blackmon has a strong hand and, according to Chamblee, will be a very valuable player. Two other returning players are Jennifer Allen and Tina Rowe who are both strong blockers and hitters as well as crucial members of the team.

The other members of the team are Tara Faulkner, Sloan Brawley, Ann King, Laura Watts, Kristin Horne, Diane Forbes, Kristi Narron, and manager, Susan Smith.

Most of the incoming women have strong competitive high school experience which means the team should get better and better as the season progresses. The coaches believe that despite the team's inexperience, they have excellent potential.

## Volleyball Schedule -- 1989

## Restaurant Review Jade Garden Gets Thumbs Up

by Beth Saylor

So many restaurants, so little time. No one likes to try a new restaurant only to be disappointed by everything from the atmosphere to those little after dinner mints. If you are tired of Burger King and the dining hall, Jade Garden is a great restaurant to try.

Jade Garden is a Chinese restaurant featuring Hunan, Peking and Szechuan cuisines. There is a lot to choose from on the menu, and everything I've ever ordered has been great. Orders are served promptly, and the portions of food are often

## Weems Views Meredith's Year

*Continued from page 1*

Meredith's own television channels. These closed-circuit channels will be able to broadcast everything from plays to classroom discussions exclusively for Meredith's students. Says Weems, "we just need the imagination," and students can soon take part in the writing, directing, acting and producing of Meredith TV.

A special Centennial Commission has been appointed to prepare for Meredith's anniversary in 1991. President Weems says that 1991 will be "a great, exciting year," full of many special events.

President Weems and the rest of Meredith's administration are "keeping (their) eyes dead ahead" to the college's future to "make Meredith the best school (they) can academically."
