

FLOOD PLANADOPTED

At the September 4 meeting of the Pine Knoll Shores Board of Commissioners the Board adopted the Flood Plan Management ordinance that had been under discussion. Adoption of the plan will reduce insurance rates in Pine Knoll Shores from 25 cents to one cent per \$100. This reduction is federally subsidized in connection with the Federal Flood Insurance program, and will become effective September 28, 1979.

The Board also voted to leave unchanged the present ban on parking on Dogwood Circle, and also voted to ban all parking on Mimosa Boulevard from Salter Path Road to Beechwood Drive.

Finally, the Board adopted a resolution to charge a \$30. fee for a land preparation permit, and Bill Uebele, PKS building inspector, will inspect any lot when it is opened for building. - Lenore Robeson

RESCUE SQUADNEEDS MEMBERS

The Pine Knoll Shores rescue squad still needs additional members in order to perform more efficiently the job it was organized to do. At present the squad has 12 EMT's (Emergency Medical Technicians) and nine drivers, who also have had some first aid training. What this amounts to is that each squad of four (two EMT's and two drivers) are on duty at least four 48-hour shifts a month. Since each squad member when on duty is severely restricted in his or her movements during that period in order to respond promptly to a call for help it works out to be a considerable burden on just a few. Therefore, if more of our residents would give serious consideration to joining their friends on the Rescue Squad the burden would be eased and the job of the squad made more efficient. For further information call Ken Doremus at 726-8164, or Natalie Hiltz, 726-2088. When you help the Squad you are helping yourself.

BOWLERS BEGINNEW SEASON

Pine Knoll Shores "Ancient Mariners" bowling team will take to the alleys once again, starting on Monday, October 1. Ten teams are lined up for the new season which appears to be ready to set a new record in enthusiasm. The season was kicked off with a dinner at the Bogue Banks Country Club on Tuesday, September 18, with Carolyn Cleveland as hostess. Officers this year for the league are Peg Knight, president; Bill Mueller, vice president; Si Bezuyen, secretary, and Libby Fleming, treasurer.

CIVIL PREPAREDNESSWAS READY FOR DAVID

By a stroke of good fortune, or what have you, all plans of the town's Civil Preparedness organization to cope with Hurricane David did not have to be placed in effect. We were spared once again a serious threat to property and lives here on Bogue Banks. The organization, under the direction of Bob McAnaw and Allen Mitchell, along with a group of area coordinators were prepared to urge residents of Pine Knoll Shores to evacuate the area, and since this was a major storm, which at one time during its raging appeared to be heading directly for Bogue Banks, it would have been fool-hardy to have to have remained on the island.
