FROM THE

Ever since the original Shore Line discontinued publication, all of us have missed the kind of neighborhood awareness it supplied.

MAYOR

In addition, your Town officials have lacked a medium through which they could effectively communicate with our citizens to

advise of actions which had been taken or of important matters yet to be considered. This revived Shore Line is intended to fill those needs.

As in so many other instances in Pine Knoll Shores, a group of volunteers has undertaken to publish this new venture. We are all indebted to them.

Although the Town will assume the printing and delivery costs in order that the paper may be received by all of our citizens without charge, it will exercise no control whatsoever over the content of the paper or over its editorial policy. In each issue, however, sufficient space for the Town to advise our people of actions taken or to be taken will be made available to it.

It is our hope that you will enjoy this new publication as much as you did its predecessor. It is meant to be your paper and if you have comments or suggestions please make them known.

Here's to the re-born Shore Line!

Ken Haller, Mayor
