CAMA UPDATE

At the regular monthly meeting of the Board of Commissioners on May 5, Commissioner Larry Jerome reported that the CAMA Update approval will be delayed due to further requests by state officials. Consequently, he said, a public hearing to present the final draft will not be held until at least late June.

APPROVAL DELAYED

In presenting the building inspector's report for April, Commissioner Jerome said that four residential permits were issued.

In his report on Fire and Rescue activities for the month, Commissioner Aubrey Johnson took the occasion to commend the fire department members for their outstanding job in fighting the recent house fire. He further reported that the present EMT course is drawing to a conclusion and that those enrolled in the course are obtaining experience by riding the ambulance on calls.

Commissioner Brad Smith was given the further assignment of mosquito control for this year. He reported that he has now mapped areas for needed street repair and said he is planning this repair work be done as one unit, thus saving time and money for the town.

Commissioner Jack Thompson reported there had been eight reported break-ins during April, and urged citizens having suspicions of such activities with respect to their property that they call the police immediately, using 8-728-3772. Referring to the continuing problem of unleashed dogs he urged citizens who had this problem to call the county dog warden at 8-728-3121.

The Board then approved the recommendation of Commissioner Thompson to employ Edgar W. Crawford as Chief of Police (see below), who in due course also will serve as Fire Chief.

Commissioner Jerome presented the revised draft of an ordinance requiring screening of pilings, which was accepted by the Board of Commissioners. The approved ordinance states: "SECTION 5. (A) If a building is erected on pilings,
