

HURRICANE EMERGENCY PROCEDURES FOR THE
PINE KNOLL SHORES GENERAL PUBLIC

1. Readiness Conditions and Actions to be taken. (The Conditions will be announced over radio and television channels by the National Weather service.)

CONDITION 3: HURRICANE WATCH

- a. Plan for evacuation. (Evacuation will be announced simultaneously by all Bogue Banks Communities 18 to 36 hours before anticipated landfall.)
- b. Notify Town Hall (247-4353) of invalids or other persons requiring evacuation assistance. These persons will be evacuated immediately to prepared shelters by ambulance or other town vehicles. Bring bedding and personal medicines.

CONDITION 2: HURRICANE WARNING

- a. Listen for evacuation order over radio and television channels. Police will cruise town streets and issue evacuation order by loud speaker. The PKS Civil Preparedness organization will notify individual residences.
- b. Prepare to turn off electricity at main junction box, and water at valve on line from street main
- c. Everyone should evacuate; however, those who will not evacuate must prepare a paper showing their names and address and the name, address and telephone number of their "Next of Kin". This paper must be given to the police prior to the evacuation order.
- d. Persons who evacuate RVs and trailers should do so immediately. They will not be permitted to cross the bridges when winds are higher, nor will they be permitted to reenter Bogue Banks during the crisis.

CONDITION 1: EVACUATION.

- a. Lock up and depart immediately upon evacuation announcement. Do not panic. There will be enough time for everyone to reach shelter on the mainland. Evacuation 75 miles or more inland is recommended.
- b. Evacuation routes:
 - (1) Persons located east of the Whaler Inn go east on NC58 (Salter Path Road). Use Atlantic Beach Bridge.
 - (2) Persons located west of the Whaler Inn go west on NC 58, use Emerald Isle Bridge.
