

Members of the Pine Knoll Shores Garden Club spent a delightful Wednesday on October 10th, as guests of David and Jeanne Clement of Sneads Ferry. Members toured the 15 acre homesite with Mrs. Clement as their guide, explaining her extensive herb gardens, orchards, greenhouse, potting shed, etc., and sending all her guests home with several gifts of potted herbs, plant cuttings, and seed pods. The Clements, who garden as a hobby, not a commercial enterprise, also welcomed the ladies to their home for lunch. This included tasty proof of the use of herbs in cooking.

GARDEN CLUBBERS

TOUR SNEADS FERRY

At a brief meeting preceding the tour, President Lois Jean O'Keefe welcomed members to a new club year - a year's activities which started a month late due to Hurricane Diana. She introduced Kay Kalkines and Dovie Wingard who were guests at the meeting.

Jean Zumbach reminded members to be on hand on Wednesday, October 24, for Green Bag Day. Pick-up starts from Brock Basin at 9:30 a.m.

Audrey Hoffmeyer asked members to collect and press leaves for a tree identification program scheduled for the March meeting.

A committee will be formed to study means of improving the appearance of the medians at the entrances to the town on Oakleaf Drive and Mimosa Boulevard.
