At the regular meeting of the Commissioners July 9th a resolution was adopted to satisfy the requirements of the State that the increased allocation of 1/2 or 1% of the sales tax be used - at least in part - for certain projects. The Commissioner of Finance, Mrs. White, proposed that it be applied to the study of water and waste systems. This fund would be maintained at \$8000 for the first five years and \$10,000 for the next five years using general funds to supplement the State benefit.

COMMISSIONERS  
MEETING

Commissioner Gibson reported on the Rescue Squad. Chief Herbst and Co-Chief Millington had completed their term of office. The new Chief is John McCormick and Co-Chief is Jim Shaver. Other officers are: Nell Crumley, Bud Britton, Gil Millington, Emily White, Liz Britton and Gordon Gibson.

The Commissioners voted to repeal a portion of the ordinance on animal control concerning animals at large, removing the authority to impound such animals and replacing it with the change of ordinance proposed by the Planning Board and contained in the report of that Board meeting and found on Page 3 of this issue of Shore Line.

Commissioner Sullivan reported that we have received bids for the work to repair the side of some roads where the shoulder has sunk lower than the pavement. None has yet been accepted awaiting some minor clarifications but work should be started soon. There will also be inspection of the bridges in Town sponsored by the State Department of Transportation. Federal funds are provided for this.

Commissioner Thompson reported 93 police calls in June. One was to investigate stolen hub caps from a 1967 car!

The Mayor announced the special election to be held on liquor-by-the-drink. The date for this is August 27th.

Godfrey Zumbach was appointed to the Planning Board to finish the term of Gil Millington who has resigned. Corinne Geer then swore him in and he was congratulated by all those present.

Commissioner Libby recommended Larry Zucchini of Paton-Zucchini and Associates of Raleigh from a list of candidates to prepare the Land Use Plan Update for the Town. The Board elected to engage Mr. Zucchini. The Division of Coastal Management will fund 80% of the cost.

A professional evaluation is presently in progress which will provide the Commissioners with job analyses and recommended pay scales for employees of the town.

An informal census, announced in last month's meeting, will be conducted throughout the town during July.

During the July 2, 1985 meeting, Ann Hitch submitted a total of six approvals of piers, docks and homes. It was noted that wooden lattice is being used to hide outside bare wood, posts, and bottom enclosures on new homes. A discussion continued as to whether or not this enhances the attractiveness of a house.

COMMUNITY

APPEARANCE

COMMISSION

Robert Dawson mentioned that much sand and debris from property owner's driveways was going on to the Pine Knoll Shores streets. This makes the roadways very unslightly. Property owners should sweep sand and pebbles off the streets back on to their driveways.

Garbage should not be placed on the roads the night before collection. Animals scatter the garbage during the night making a mess on the streets.
