

is a cheer leader at the Morehead Middle School. Her big thing, though, is her 30-40 phone calls per night from her millions of friends. "Every one of them calls her every night!" Bob said, mystified, like all fathers.

Both Kathy and Bob like tennis and will be happy to rush to the courts most any time. Better catch Kathy before the bakery opens, though.

Joseph B. "Pete" and Betty Carr are our new neighbors on Lagoon Lane in McGinnis Point.

Pete and Betty are both North Carolinians. She was born in Plymouth and he was born in Rocky Mount. Pete went to the University of North Carolina where he played football on the famous team with Charlie Choo Choo Justice, when they went to the Cotton Bowl in Dallas. Just after graduation he moved to Plymouth to coach and to teach. He met and married Betty and a year later they moved to Clinton where Pete was a coach for fifteen years. He then became Assistant Superintendent of Clinton City Schools. Betty was Executive Director of the Chamber of Commerce for ten years. She now sells real estate, here, for Gull Isle Realty.

Betty and Pete have two children Joanna who lives with them and Peter who just recently graduated from the University of North Carolina and is now a feature reporter for Channel 10 here at Morehead.

The way they discovered Pine Knoll Shores, like so many others, they vacationed here for many years. Plus they also have relatives who live here. Over the years they decided this was where they wanted to spend the rest of their lives.

Betty's mother Blanche Jones also lives with them some of the time. Since she had been a restaurant manager for a long time she has many interesting things to tell. We had fun discussing sausage, ham, biscuits and gravy -- food! A subject most people enjoy.

Betty's interests are music and singing and Pete likes fishing and, of course, after many years of training young athletes, sports. Joanna likes music and dancing. Most of all they all told me they like people.

They make you feel comfortable and relaxed in their home and are interested in what you have to say. No need to be lonely when we have this happy, warm and cheerful family in the neighborhood. Meet them, you will see.

ANCIENT MARINERS

Seventy-four bowlers, spouses and League associates turned out for the mid-season bowling banquet on January 20 at the Bogue Banks Country Club. Ann Hitch, assisted by Blanche Yancey, should be complimented for a first rate job of coordinating the dinner arrangements. Saucy Chef, the caterer, provided a delicious and plentiful cordon bleu sit-down dinner. Lib Fleming, along with Mary Wiker and Ellie Long, made the arrangements for entertainment which pleasantly deviated from other years. Dick Cumberland provided delightful piano music for listening before dinner, then for dancing later on.

At a brief business session the motion was made and carried by hand vote to waive for the rest of the season the requirement that each team must have two men and two women. The teams, though, must have at least one member of the opposite sex to be eligible for competition. This now allows the League's fourteen teams to have four members each without the need for any "blinds" in regular play.
